

review the use of AI in NRC-regulated activities.

The draft AI Strategic Plan establishes five strategic goals to ensure the agency's readiness to review the use of AI in NRC-regulated activities. The five strategic goals are: (1) ensure NRC readiness for regulatory decisionmaking, (2) establish an organizational framework to review AI applications, (3) strengthen and expand AI partnerships, (4) cultivate an AI proficient workforce, and (5) pursue use cases to build an AI foundation across the NRC.

IV. Requested Information and Comments

The NRC is interested in obtaining input from stakeholders, including professional organizations, and interested individuals. The focus of the request is to gather information that will permit the NRC staff to develop and

refine the draft AI Strategic Plan. The NRC welcomes comments from the public on any areas that they believe are relevant to these topics, and is particularly interested in receiving input on the following questions:

1. Are there any specific recommendations or improvements to consider in the development of the AI Strategic Plan?
2. What goals, objectives, or strategies within the NRC's current strategic plan should be added, enhanced, or modified in the AI Strategic Plan?
3. What are potential near-term, or far-term, AI activities that the NRC should be aware when finalizing and prioritizing the AI Strategic Plan, or associated supporting research?
4. What are potential challenges the NRC should be aware when preparing to review potential use of AI in nuclear applications?

V. Public Meeting Information

The NRC staff will hold a virtual public meeting on August 3, 2022, to receive comments on the draft AI Strategic Plan. A telephone line will also be used for the public to submit oral comments. A court reporter will be recording all comments received during the webinar and the transcript of the meeting will be made publicly available. Additionally, the NRC will discuss the agency's activities related to the development of the AI Strategic Plan or supporting activities for public input and comment on these activities and will continue to seek the views of stakeholders in identifying opportunities to improve the underlying strategic plan. The date and time for the virtual public meeting is as follows:

Date	Time	Location
August 3, 2022	1:00 p.m. to 3:00 p.m. ET	<p>Webinar Information: https://teams.microsoft.com/join/00000000-0000-0000-0000-000000000000</p> <p>Telephone Access: Bridgeline: 301-576-2978. Participant Access Code: 654 033 041.</p>

Persons interested in attending this meeting should monitor the NRC's Public Meeting Schedule website at <https://www.nrc.gov/pmns/mtg> for additional information, the meeting agenda, information on how to provide verbal comments, and access information for the meeting. Those wishing to make verbal comments at the meeting should follow instructions listed on the NRC's Public Meeting Schedule website.

The NRC may post additional materials related to this document, including public comments, on the Federal rulemaking website. In addition, the Federal rulemaking website allows members of the public to receive alerts when changes or additions occur in a docket folder. To subscribe: (1) navigate to the docket folder (NRC-2022-0095); (2) click the "Subscribe" link; and (3) enter an email address and click on the "Subscribe" link.

Dated: June 29, 2022.

For the Nuclear Regulatory Commission.

Luis D. Betancourt,

Chief, Accident Analysis Branch, Division of Safety Analysis, Office of Nuclear Regulatory Research.

POSTAL SERVICE

Privacy Act; System of Records

AGENCY: Postal Service™.

ACTION: Notice of a modified system of records.

SUMMARY: The United States Postal Service™ (USPS™) is proposing to revise a General and Customer Privacy Act System of Records. These updates are being made to facilitate use of market research tools that will be implemented by the Chief Customer and Marketing Organization within the Postal Service to assess new and existing USPS and competitive products, services, processes, and campaigns in order to gauge attitudes, perceptions, opinions, habits, and usage
