

Strategy provided a national framework designed to be customized and implemented in each region through Regional Action Plans.

In 2016 NMFS created the first Regional Action Plans in collaboration with Fishery Management Councils and many other partners to identify the strengths, weaknesses, priorities, and specific actions to implement the Climate Science Strategy in the Northeast, Southeast, Pacific Islands, West Coast and Alaska Regions. While some impacts of changing climate and oceans on living marine resources are shared across regions, each region has a unique combination of climate-related challenges, capabilities, and information requirements needed to implement the Strategy.

The Climate Science Regional Action Plans are cross-agency, coordinated efforts to increase implementation of the Climate Science Strategy in each region, and include goals and actions to help track changing marine ecosystem conditions, assess risks, provide early warnings and longer-term projections, and evaluate management strategies under changing conditions.

Development of the Draft Regional Action Plans

In 2021 NMFS conducted an assessment of progress to implement the Climate Science Strategy during 2016–2020 including efforts under the first Regional Action Plans. This 5 year Progress Report (<https://spo.nmfs.noaa.gov/content/tech-memo/noaa-fisheries-climate-science-strategy-five-year-progress-report>) provides useful information for development of updated Regional Action Plans for 2022–2024. The draft 2022–2024 Regional Action Plans were developed by regional teams consisting of NMFS personnel from Science Centers and Regional Offices. The updated plans build upon previous efforts and identify proposed actions over the next 3 years (2022–2024) to address key climate-science needs in each region.

The goal of the draft Regional Action Plans is to continue to increase the production, delivery and use of climate-related information needed for fisheries management and protected species conservation in each region. Each draft Regional Action Plan identifies specific actions to implement the seven objectives of the NOAA Fisheries Climate Science Strategy. The actions address key needs in each region based on input from NMFS scientists, resource managers, stakeholders and other sources. The draft Regional Action Plans include actions to provide decision makers with better information on

what's changing, what's at risk and how different management strategies may perform under changing climate and ocean conditions.

Some specific actions and products include:

Tracking change: Monitor and assess key indicators of ecosystem conditions to better track and provide early warnings of changing conditions.

Forecasting conditions: Research and modeling to understand the mechanisms of change and provide near and longer term forecasts of conditions.

Assessing risks: Assess the vulnerability of marine resources, fisheries, fishing communities and other sectors that depend on marine resources.

Evaluating best strategies: Identify alternative management approaches and evaluate how they may perform under changing conditions to identify best approaches for stewardship of the Nation's valuable marine resources.

Public Comments Solicited

NMFS is committed to increasing the production, delivery, and use of climate-related information to fulfill its living marine resource stewardship mandates. NMFS works with and depends on many partners to fulfill its science and information needs, including other government agencies, academia, fisheries, and other organizations. As such, NMFS is providing this opportunity for broad public review and comment on the draft Climate Science Regional Action Plans.

Public comments are invited to help clarify and strengthen the draft Regional Action Plans. Comments are invited on: (a) The clarity of the goals and activities in the plans, (b) how to strengthen the proposed Plans and activities; (c) what additional goals or activities need to be addressed. Comments submitted in response to this notice will be provided to the Regional Action Plan Teams for consideration in development of the final Plans.

Authority: 16 U.S.C. 1881c, Fisheries Research Section 404(a) and Executive Order 14008, Section 216(c).

Dated: May 18, 2022.

Evan Howell,

*Director, Office of Science and Technology,
National Marine Fisheries Service.*

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XC049]

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public joint meeting of its Habitat Committee via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This meeting will be held on Friday, June 10, 2022, at 8:30 a.m. Webinar registration URL information: <https://attendee.gotowebinar.com/register/965763058356419085>.

ADDRESSES: *Council address:* New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465–0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Committee plans on selecting preferred alternatives for Southern New England Habitat Area of Particular Concern Framework. They also plan to discuss aquaculture updates and consider recommending that the Council initiate a framework related to authorization of Atlantic salmon aquaculture. The Committee will discuss offshore development (wind, cables) including upcoming comment opportunities. Also on the agenda is a brief review of Northeast Regional Habitat Assessment products and next steps. Other business may be discussed as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been

notified of the Council's intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the date. This meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 18, 2022.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

COMMODITY FUTURES TRADING COMMISSION

Agency Information Collection Activities Notice of Intent To Renew Collection 3038-0061: Daily Trade and Supporting Data Reports

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice.

SUMMARY: The Commodity Futures Trading Commission (CFTC) is announcing an opportunity for public comment on the proposed renewal of a collection of certain information by the agency. Under the Paperwork Reduction Act ("PRA"), Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including proposed extension of an existing collection of information, and to allow 60 days for public comment. This notice solicits comments on the daily trade and supporting data reports that are submitted to CFTC related to reporting requirements on Reporting Markets, including Designated Contract Markets.

DATES: Comments must be submitted on or before July 22, 2022.

ADDRESSES: You may submit comments, identified by "OMB Control No. 3038-0061" by any of the following methods:

- The Agency's website, at <https://comments.cftc.gov/>. Follow the instructions for submitting comments through the website.

- *Mail:* Christopher Kirkpatrick, Secretary of the Commission, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW, Washington, DC 20581.

- *Hand Delivery/Courier:* Same as Mail above.

Please submit your comments using only one method. All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <https://www.cftc.gov>.

FOR FURTHER INFORMATION CONTACT:

Owen Kopon, Associate Director, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW, Washington, DC 20581; (202) 418-5360; email: OKopon@cftc.gov.

SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501 *et seq.*, Federal agencies must obtain approval from the Office of Management and Budget ("OMB") for each collection of information they conduct or sponsor. "Collection of Information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the Commission is publishing notice of the proposed extension of the existing collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.¹

Title: Regulation 16.02 Daily Trade and Supporting Data Reports (OMB Control No. 3038-0061). This is a request for extension of a currently approved information collection.

Abstract: Commission Rule 16.02 requires Reporting Markets to report transaction-level trade data and related order information for each executed transaction. The Commission uses the transaction-level trade data and related order information to discharge its regulatory responsibilities, including the responsibilities to prevent market manipulations and commodity price distortions and ensure the financial integrity of its jurisdictional markets.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;

- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and

- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish for the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission's regulations.²

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <https://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the Information Collection Request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The Commission is revising its burden estimate for this collection. The Commission estimates that up to 20 Reporting Markets could provide daily trade and supporting data reports to the Commission in the future. The CFTC believes that Reporting Markets incur an average burden of two hours to compile and submit each report made pursuant to Commission Rule 16.02. Reporting Markets submit an average of 250 reports annually. The estimated total annual time-burden for all Reporting Markets is 10,000 hours. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 20.

¹ 44 U.S.C. 3512, 5 CFR 1320.5(b)(2)(i) and 1320.8(b)(3)(vi).

² See 17 CFR 145.9.
