Interested government agencies, private-sector organizations, and the general public are encouraged to submit comments concerning the content of the EIS, issues and impacts to be addressed in the EIS, and alternatives that should be considered. Scoping comments should clearly describe specific issues or topics that the EIS should address to assist DOE in identifying significant issues. Comments must be postmarked or e-mailed by December 14, 2009 to ensure consideration. (See **ADDRESSES**). Late comments will be considered to the extent practicable. DOE invites those agencies with jurisdiction by law or special expertise to be cooperating agencies.

A public scoping meeting will be held at a date, time, and location to be determined. Notice of this meeting will be provided in local news media and on the DOE Loan Guarantee Program's "NEPA Public Involvement" Web site (<http://www.lgprogram.energy.gov/NEPA-2.html>) at least 15 days prior to the date of the meeting. Members of the public and representatives of groups and Federal, state, local, and Tribal agencies are invited to attend. The meeting will include both a formal opportunity to present oral comments and an informal session during which DOE and IG personnel will be available for discussions with attendees. Displays and other forms of information about the proposed agency action, the EIS process, and the IG proposed Facility will also be available for review. DOE requests that anyone who wishes to present oral comments at the meeting contact Mr. Boren by phone or e-mail (see **ADDRESSES** above). Individuals who do not make advance arrangements to speak may register at the meeting. DOE may need to limit speakers to five minutes initially, but will provide additional opportunities as time permits.
