**SUPPLEMENTARY INFORMATION:** Section 9 of the Act and Federal regulations prohibit the take of fish and wildlife species listed as endangered or threatened (16 U.S.C. 1538). The term "take" means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect listed wildlife, or to attempt to engage in any such conduct (16 U.S.C. 1532). The Fish and Wildlife Service (Service) may, under limited circumstances, issue permits to authorize take that is incidental to, and not the purpose of, carrying out an otherwise lawful activity. Regulations governing permits for threatened and endangered species are found in 50 CFR 17.32 and 17.22, respectively.

Although not required by law or regulation, it is Service policy to notify the public of its permit application decisions. Between April 21, 2004 and May 31, 2005, we issued the following permits within the Pacific Region and California/Nevada Operations Office of the Service for incidental take of threatened and endangered species subject to certain conditions set forth therein, pursuant to section 10(a)(1)(B) and section 10(a)(1)(A) of the Act. We issued each permit after determining that: (1) The permit application was submitted in good faith; (2) all permit issuance criteria were met, including the requirement that granting the permit will not jeopardize the continued existence of listed species; and (3) the permit was consistent with the purposes and policy set forth in the Act and applicable regulations, including a thorough review of the environmental effects of the action and alternatives pursuant to the National Environmental Policy Act of 1969.

**I. Education Contracts Under Johnson-O'Malley Act Application and Regulatory Requirements**

The regulatory authority allowing a collection of information to be conducted is provided in 25 CFR 273.50, as authorized by the Act of April 16, 1934 (48 Stat. 596). The collection of information is conducted annually, by tribes, Indian organizations and school districts who have contracted with the Bureau to administer a Johnson-O-Malley Program. The purpose of the collection is to provide for an accounting of expenditures and to measure effectiveness of an educational plan outlining educational objectives for Indian students.

**II. Application for Admission to Haskell Indian Nations University and to Southwestern Indian Polytechnic Institute**

The Bureau of Indian Affairs (BIA) is providing the admission forms for

Haskell Indian Nations University and the Southwestern Indian Polytechnic Institute for 60-day review and comment period. These admission forms are useful in determining program eligibility of American Indian and Alaska Native students for educational services. The forms have been changed to include a Paperwork Reduction Act and Public Burden statements, a Privacy Act statement, and an Effects of Non-Disclosure statement. These forms are utilized pursuant to Blood Quantum Act, Public Law 99-228; the Snyder Act, chapter 115, Public Law 67-85; and, the Indian Appropriations of the 48th Congress, chapter 180, page 91, For Support of Schools, July 4, 1884.

**III. Data Elements for Student Enrollment in Bureau-Funded Schools**

The data elements for enrollment information collected is for attendance in elementary and secondary schools funded by the Bureau of Indian Affairs and to address the criteria for attendance that was changed by the passage of Public Law 99-228. The Secretary of the Interior, through the Bureau of Indian Affairs, is required to provide educational services to federally recognized Indians and Alaskan Natives. Beginning with the Snyder Act and continuing with Public Laws 93-638, 95-561, 100-297, and 103-382, Congress has enacted legislation to ensure Indians receive educational opportunities. The data elements for enrollment information collected is for attendance in elementary and secondary schools operated and funded by the Bureau of Indian Affairs and to address the criteria for attendance that was changed by the passage of Public Law 99-228. This act allows for the tuition free attendance of any Indian student who is a member of a federally recognized tribe or is ¼ degree blood quantum descendant of a member of such tribes, as well as for dependents of Bureau, Indian Health Service or tribal government employees who live on or near the school site.

**IV. Student Transportation Form**

The Student Transportation regulations in 25 CFR part 39, subpart G, contain the program eligibility and criteria, which govern the allocation of transportation funds. Information collected from the schools will be used to determine the rate per mile. The information collection is needed to provide transportation mileage for Bureau-funded schools, which will receive an allocation of transportation funds.
