SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Tax Performance System (TPS) information collection. The TPS gathers and disseminates information on the timeliness and accuracy of State unemployment insurance (UI) tax operations. The DOL is required to review the timeliness, accuracy, and completeness of certain tax collections of States using the TPS. The TPS Operations Handbook, ET–407, prescribes the operation of this program. TPS data now are an integral part of UI PERFORMS, the performance management system for the UI program. UI PERFORMS incorporates a strategic planning process of identifying priorities; ongoing collection and monitoring of valid data to measure performance; identification of areas of potential improvement; and development of specific action steps to improve performance, followed by use of available data to determine whether the action steps are successful. Social Security Act section 303(a) authorizes this information collection. See 42 U.S.C. 503(a).

This information collection is subject to the PRA. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205–0332.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on August 31, 2015. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on January 23, 2015 (80 FR 3653).
