I. Background

This notice is in accordance with the Privacy Act requirement that agencies publish their systems of records in the **Federal Register** when there is a revision, change, or addition, or when the agency establishes a new system of records.

The Postal Service is proposing to modify the following SORs to support competition-based performance analysis to support productivity and team collaboration:

- Two new purposes, 5 and 6
- Two new Categories of Records, 4 and 5
