Rule 104; SEC File No. 270-411, OMB Control No. 3235-0465

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for approval of extension of the previously approved collection of information provided for in Rule 104 of Regulation M (17 CFR 242.104), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*).

Rule 104 permits stabilizing by a distribution participant during a distribution so long as the distribution participant discloses information to the market and investors. This rule requires

disclosure in offering materials of the potential stabilizing transactions and that the distribution participant inform the market when a stabilizing bid is made. It also requires the distribution participants (*i.e.*, the syndicate manager) to maintain information regarding syndicate covering transactions and penalty bids and disclose such information to the Self-Regulatory Organization.

There are approximately 805 respondents per year that require an aggregate total of 161 hours to comply with this rule. Each respondent makes an estimated 1 annual response. Each response takes approximately 0.20 hours (12 minutes) to complete. Thus, the total compliance burden per year is 161 hours. The total internal labor cost of compliance for the respondents is approximately \$11,270.00 per year, resulting in an internal cost of compliance per respondent of approximately \$14.00 (*i.e.*, \$11,270.00/805 respondents).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-88630; File No. SR-NYSE-2020-26]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend its Price List To Eliminate Certain Obsolete Fees

April 14, 2020.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act"),² and Rule 19b-4 thereunder,³ notice is hereby given that on March 31, 2020, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Price List to eliminate certain obsolete fees. The Exchange proposes to implement the fee changes effective April 1, 2020. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Price List to eliminate certain obsolete fees. The Exchange proposes to implement the fee changes effective April 1, 2020.

Proposed Rule Change

The Exchange proposes to eliminate obsolete fees for trading Floor booth reservations, radio paging services and cellular phones, as follows.

Next Generation Trading Floor Reservation Fee

The Exchange offers a fee of \$12,000 per position, subject to a cap of \$240,000 per member organization, to reserve Next Generation Trading Floor booth trading positions.⁴ The fee was adopted in 2010 on connection with the creation of the Exchange's "Next Generation Trading Floor." The Exchange has not charged the fee in over seven years. The Exchange accordingly proposes to delete the Next Generation Trading Floor Reservation Fee as obsolete.

Radio Paging Service

The Exchange offers radio paging service fees to support Floor broker beepers of \$408.50 for the unit and first channel and \$139.75 for each additional channel. Floor brokers no longer use beepers, and the Exchange has not charged the fee in over two years. The Exchange accordingly proposes to delete the radio paging service fee as obsolete.

Cellular Phones

The Exchange offers an annual ongoing maintenance fee for using Exchange-approved and provided portable phones on the trading Floor of \$240.00 per phone, plus sales tax. In 2017, the Exchange amended Rule 36 to permit Floor brokers to use non-Exchange approved and provided portable phones properly registered with the Exchange on the trading Floor.⁵ Exchange approved and provided portable phones were disabled as of September 18, 2017,⁶ and the fee has

not been charged since that time. The Exchange accordingly proposes to delete the annual portable phone maintenance fee as obsolete.

The proposed change is not otherwise intended to address other issues, and the Exchange is not aware of any significant problems that market participants would have in complying with the proposed changes.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Sections 6(b)(4) and (5) of the Act,⁸ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers, and because it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Proposed Rule Change Is Reasonable

The Exchange believes that it is reasonable to delete fees from the Price List because the related services are no longer offered and the fees are accordingly no longer charged. Deleting obsolete fees for services the Exchange no longer offers would add greater clarity of the Exchange's rules and enable market participants to more easily navigate the Exchange's Price List.

The Proposed Rule Change Is an Equitable Allocation of Fees

The Exchange believes the proposal equitably allocates fees among its market participants because elimination of obsolete fees would apply to all similarly-situated member organizations on an equal basis. All such member organizations would continue to be subject to the same fee structure, and access to the Exchange's market would continue to be offered on fair and nondiscriminatory terms.

The Proposed Change Is Not Unfairly Discriminatory and Would Protect Investors and the Public Interest

The Exchange believes that the proposal is not unfairly discriminatory. The proposal is not unfairly

discriminatory because it neither targets nor will it have a disparate impact on any particular category of market participant. The proposal does not permit unfair discrimination because elimination of obsolete fees would apply to all similarly situated member organizations on an equal basis. In addition, the Exchange believes that the proposed elimination of obsolete fees would remove impediments to and perfect the mechanism of a free and open market by eliminating references to services that are no longer offered, thereby improving the clarity of the Exchange's rules and enabling market participants to more easily navigate the Exchange's Price List. The Exchange also believes that the proposed change would protect investors and the public interest because the deletion of obsolete fees would make the Price List more accessible and transparent and facilitate market participants' understanding of the fees charged for services currently offered by the Exchange.

For the foregoing reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁹ the Exchange believes that the proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Instead, as discussed above, the proposal relates solely to elimination of obsolete fees and, as such, would not have any impact on intra- or inter-market competition because the proposed change is solely designed to accurately reflect the services that the Exchange currently offers, thereby adding clarity to the Price List.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹⁰ of the Act and subparagraph (f)(2) of Rule 19b-4¹¹ thereunder, because it establishes a due,

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹² of the Act to determine whether the proposed rule change should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-312, OMB Control No. 3235-0354]

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Extension:
Rule 19b-1

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

Section 19(b) of the Investment Company Act of 1940 (the "Act") (15 U.S.C. 80a-19(b)) authorizes the Commission to regulate registered investment company ("fund") distributions of long-term capital gains made more frequently than once every twelve months. Accordingly, rule 19b-1 under the Act (17 CFR 270.19b-1) regulates the frequency of fund distributions of capital gains. Rule 19b-1(c) states that the rule does not apply to a unit investment trust ("UIT") if it is engaged exclusively in the business of investing in certain eligible securities (generally, fixed-income securities), provided that: (i) The capital gains distribution falls within one of five

categories specified in the rule¹ and (ii) the distribution is accompanied by a report to the unitholder that clearly describes the distribution as a capital gains distribution (the "notice requirement").² Rule 19b-1(e) permits a fund to apply to the Commission for permission to distribute long-term capital gains that would otherwise be prohibited by the rule if the fund did not foresee the circumstances that created the need for the distribution. The application must set forth the pertinent facts and explain the circumstances that justify the distribution.³ An application that meets those requirements is deemed to be granted unless the Commission denies the request within 15 days after the Commission receives the application.

Commission staff estimates that three funds will file an application under rule 19b-1(e) each year.⁴ The staff understands that if a fund files an application it generally uses outside counsel to prepare the application. The cost burden of using outside counsel is discussed in Item 13 below. The staff estimates that, on average, a fund's investment adviser would spend approximately 4 hours to review an application, including 3.5 hours by an assistant general counsel at a cost of \$466 per hour and 0.5 hours by an administrative assistant at a cost of \$81 per hour, and the fund's board of directors would spend an additional 1 hour at a cost of \$4,465 per hour, for a total of 5 hours.⁵ Thus, the staff

¹ 17 CFR 270.19b-1(c)(1).

² The notice requirement in rule 19b-1(c)(2) supplements the notice requirement of section 19(a) [15 U.S.C. 80a-19(a)], which requires any distribution in the nature of a dividend payment to be accompanied by a notice disclosing the source of the distribution.

³ Rule 19b-1(e) also requires that the application comply with rule 0-2 [17 CFR 270.02] under the Act, which sets forth the general requirements for papers and applications filed with the Commission pursuant to the Act and rules thereunder.

⁴ This estimate is based on the average number of applications filed with the Commission pursuant to rule 19b-1(e) in the prior three-year period.

⁵ The estimate for assistant general counsels is from SIFMA's Management & Professional Earnings in the Securities Industry 2013, modified by Commission staff to account for an 1800-hour work-year and inflation and multiplied by 5.35 to account for bonuses, firm size, employee benefits and overhead. The estimate for administrative assistants is from SIFMA's Office Salaries in the Securities Industry 2013, modified by Commission staff to account for an 1800-hour work-year and inflation and multiplied by 2.93 to account for bonuses, firm size, employee benefits and overhead. The staff previously estimated in 2009 that the average cost of board of director time was \$4,000 per hour for the board as a whole, based on information received from funds and their counsel. Adjusting for inflation, the staff estimates that the current average cost of board of director time is approximately \$4,465.
