

necessary to keep them operationally current, is non-controversial, and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

[Docket No. FAA–2021–0325; Airspace Docket No. 21–AGL–20]

RIN 2120–AA66

Proposed Amendment and Revocation of Class E Airspace; Michigan, MI

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend the Class E airspace area extending upward from 1,200 feet above the surface over the State of Michigan and remove overlapping and redundant enroute domestic airspace areas within these boundaries. The FAA is proposing this action to correct, simplify, and close gaps in the Class E airspace extending upward from 1,200 feet above the surface over the State of Michigan; provide transitional airspace to support instrument flight rule (IFR) operations to and from the terminal and enroute environments within the state; and improve air traffic control services over the state.

DATES: Comments must be received on or before May 20, 2021.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590; telephone (202) 366–9826, or (800) 647–5527. You must identify FAA Docket No. FAA–2021–0325/Airspace Docket No. 21–AGL–20, at the beginning of your comments. You may also submit comments through the internet at <https://www.regulations.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. FAA Order 7400.11E, Airspace Designations and Reporting Points, and

subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend the Class E airspace area extending upward from 1,200 feet above the surface over the State of Michigan and remove the enroute domestic airspace at Upper Peninsula, MI; Iron Mountain, MI; and Newberry, MI, which would become redundant, to correct, simplify, and close gaps in the Class E airspace extending upward from 1,200 feet above the surface over the State of Michigan; provide transitional airspace to support IFR operations to and from the terminal and enroute environments within the state; and improve air traffic services over the state.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments

are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2020-0325/Airspace Docket No. 21-AGL-20." The postcard will be date/time stamped and returned to the commenter.

Pursuant to FAA Order 7400.2M, Procedures for Handling Airspace Matters, the FAA typically provides the public with a 45 day comment period. However, the FAA finds a basis exists to deviate from the FAA Order 7400.2M and provide a 30 day comment period. This action provides an overall solution to various issues with the Class E airspace over the State of Michigan and corrects an error made in Docket 20-AGL-37, Marquette, MI, which revoked certain Class E airspace and created Class G airspace in its place (85 FR 83764, Dec. 23, 2020). The FAA is currently addressing this issue with a temporary Notice to Airmen (NOTAM), PNM 04/081 ZMP. As the NOTAM is a short term solution and this action would establish a long term solution that eliminates any safety risks stemming from confusion with regard to the requirements in that airspace, the FAA finds the 30 day comment period justified.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at <https://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday,

except federal holidays. An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by:

Amending the Class E airspace area extending upward from 1,200 feet above the surface within the boundary of the State of Michigan by removing the limitation of "south of parallel 45°45'" from the airspace legal description; and

Removing the enroute domestic airspace area over the Upper Peninsula, MI; Iron Mountain, MI; and Newberry, MI, as they would be redundant with the amendment of the Class E airspace area extending upward from 1,200 feet above the surface within the boundary of the State of Michigan.

This action is being proposed to correct, simplify, and close gaps in the Class E airspace extending upward from 1,200 feet above the surface over the State of Michigan; provide transitional airspace to support IFR operations to and from the terminal and enroute environments within the state; and improve air traffic control services over the State of Michigan.

Class E airspace designations are published in paragraphs 6005 and 6006, respectively, of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15th.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established

body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

34 CFR Chapter II

[Docket ID ED-2021-OESE-0045]

Proposed Priorities—Effective Educator Development Division Programs

AGENCY: Office of Elementary and
Secondary Education, Department of
Education.

ACTION: Proposed priorities.

SUMMARY: The Department of Education (Department) proposes priorities for the following programs of the Effective Educator Development Division (EED): Teacher and School Leader Incentive Grants (TSL), Assistance Listing Number (ALN) 84.374A; Teacher Quality Partnerships (TQP), ALN 84.336S; and Supporting Effective Educator Development (SEED), ALN 84.423A. We may use these priorities for competitions in fiscal year (FY) 2021 and later years. We propose these priorities to focus on educator development, leadership, and diversity in the various EED programs in order to improve the quality of teaching and school leadership.

DATES: We must receive your comments on or before May 20, 2021.

ADDRESSES: Submit your comments through the Federal eRulemaking Portal or via postal mail, commercial delivery, or hand delivery. We will not accept comments submitted by fax or by email or those submitted after the comment period. To ensure that we do not receive duplicate copies, please submit your comments only once. In addition, please include the Docket ID at the top of your comments.

• *Federal eRulemaking Portal:* Go to www.regulations.gov to submit your comments electronically. Information on using *Regulations.gov*, including instructions for accessing agency

documents, submitting comments, and viewing the docket, is available on the site under “FAQ.”

• *Postal Mail, Commercial Delivery, or Hand Delivery:* If you mail or deliver your comments about the proposed priorities, address them to Orman Feres, U.S. Department of Education, 400 Maryland Avenue SW, Room 3C124, Washington, DC 20202.

Privacy Note: The Department’s policy is to make all comments received from members of the public available for public viewing in their entirety on the Federal eRulemaking Portal at www.regulations.gov. Therefore, commenters should be careful to include in their comments only information that they wish to make publicly available.

SUPPLEMENTARY INFORMATION:

Invitation to Comment: We invite you to submit comments regarding the proposed priorities. To ensure that your comments have maximum effect in developing the notice of final priorities, we urge you to clearly identify the specific section of the proposed priorities that each comment addresses.

We invite you to assist us in complying with the specific requirements of Executive Orders 12866 and 13563 and their overall requirement of reducing regulatory burden that might result from the proposed priorities. Please let us know of any further ways we could reduce potential costs or increase potential benefits while preserving the effective and efficient administration of our programs.

During and after the comment period, you may inspect all public comments about the proposed priorities by accessing *Regulations.gov*. Due to the novel coronavirus 2019 (COVID-19) pandemic, the Department buildings are currently not open to the public. However, upon reopening you may also inspect the comments in person in room 3C124, 400 Maryland Avenue SW, Washington, DC, between the hours of 8:30 a.m. and 4:00 p.m., Eastern time, Monday through Friday of each week except Federal holidays.

Assistance to Individuals with Disabilities in Reviewing the Rulemaking Record: On request we will

provide an appropriate accommodation or auxiliary aid to an individual with a disability who needs assistance to review the comments or other documents in the public rulemaking record for the proposed priorities. If you want to schedule an appointment for this type of accommodation or auxiliary aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Purpose of Programs: We are proposing priorities for use in three Department programs: TSL, SEED, and TQP. The purpose of TSL is to assist States, local educational agencies, and nonprofit organizations to develop, implement, improve, or expand comprehensive performance-based compensation systems (PBCS) or human capital management systems (HCMS) for teachers, principals, and other school leaders (especially for teachers, principals, and other school leaders in high-need schools who raise student academic achievement and close the achievement gap between high- and low-performing students). In addition, a portion of TSL funds may be used to study the effectiveness, fairness, quality, consistency, and reliability of PBCS or HCMS for teachers, principals, and other school leaders (educators). The SEED program provides funding to increase the number of highly effective educators by supporting the implementation of evidence-based practices that prepare, develop, or enhance the skills of educators. SEED grants allow eligible entities to develop, expand, and evaluate practices that can serve as models to be sustained and disseminated. The purposes of the TQP program are to improve student achievement; improve the quality of prospective and new teachers by improving the preparation of prospective teachers and enhancing professional development activities for new teachers; hold teacher preparation programs at institutions of higher education accountable for preparing teachers who meet applicable State certification and licensure requirements; and recruit highly qualified individuals, including minorities and individuals from other occupations, into the teaching force.

Program Authority: 20 U.S.C. 1221e-3. TSL: Section 2211-2213 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), 20 U.S.C. 6631-6633. SEED: Section 2242 of the ESEA, 20 U.S.C. 6672. TQP: Sections 200-204 of the Higher Education Act of 1965, as amended, 20 U.S.C. 1021-1022c.

Proposed Priorities: This document contains two proposed priorities.
