

and management concerns have been identified in the existing RMP and by BLM personnel, the State, other agencies, and in meetings with individuals, adjoining landowners and user groups. The preliminary issues that will be addressed in the EA effort include: land tenure and classification; Wagon Roads Area of Critical Environmental Concern; visual resources; recreational values; historic and cultural resources; old growth juniper woodlands; and wildlife populations and habitats.

You may submit comments on issues in writing to the BLM at the public scoping meeting, or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section above. To be most helpful, you should submit comments within 30 days. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. The minutes and list of attendees for each scoping meeting will be available to the public and open for 30 days after the meeting to any participant who wishes to clarify the views he or she expressed.

After gathering public comments on what issues the plan amendment should address, the suggested issues will be placed in one of three categories:

1. Issues to be resolved in the plan amendment;
2. Issues resolved through policy or administrative action; or
3. Issues beyond the scope of this RMPA/EA.

Rationale will be provided in the plan amendment for each issue placed in category two or three. An interdisciplinary approach will be used to develop the RMPA/EA in order to consider the variety of resource issues and concerns identified. Disciplines involved in the planning process will include specialists with expertise in rangeland management, minerals and geology, forestry, outdoor recreation, visual resources, archaeology, wildlife, lands and realty, and economics. A similar notice has been published in the local newspaper.
