Persulfates From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on persulfates from the People's Republic of China (China) would likely lead to the continuation or recurrence of dumping, and material injury to an industry in the United States, Commerce is publishing a notice of continuation of this AD order.

DATES: Applicable February 13, 2025.

FOR FURTHER INFORMATION CONTACT: Angelo Gonzalez, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5521.

SUPPLEMENTARY INFORMATION:**Background**

On July 7, 1997, Commerce published in the **Federal Register** the AD order on persulfates from China.¹ On July 1, 2024, the ITC instituted,² and Commerce initiated,³ the fifth sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its review, Commerce determined, pursuant to sections 751(c) and 752(c) of the Act, that revocation of the *Order* would likely lead to the continuation or recurrence of dumping, and therefore, notified the ITC of the magnitude of the margins of dumping likely to prevail should the *Order* be revoked.⁴

On February 13, 2025, the ITC published its determination, pursuant to

sections 751(c) and 752(a) of the Act, that revocation of the *Order* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Order

The merchandise subject to the *Order* is persulfates, including ammonium, potassium, and sodium persulfates. The chemical formulas for these persulfates are, respectively, (NH₄)₂S₂O₈, K₂S₂O₈, and Na₂S₂O₈. Potassium persulfates are currently classifiable under subheading 2833.40.10 of the Harmonized Tariff Schedule of the United States (HTSUS). Sodium persulfates are classifiable under HTSUS subheading 2833.40.20. Ammonium and other persulfates are classifiable under HTSUS subheadings 2833.40.50 and 2833.40.60.

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the *Order* is dispositive.

Continuation of the Order

As a result of the determinations by Commerce and the ITC that revocation of the *Order* would likely lead to continuation or recurrence of dumping, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Order*. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Order* will be February 13, 2025.⁶ Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year review of the *Order* not later than 30 days prior to fifth anniversary of the date of the last determination by the ITC.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the

regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This five-year (sunset) review and this notice are in accordance with sections 751(c) and 751(d)(2) of the Act, and published in accordance with section 777(i) of the Act and 19 CFR 351.218(f)(4).

Dated: February 13, 2025.

Float Glass Products From the People's Republic of China and Malaysia: Postponement of Preliminary Determinations in the Countervailing Duty Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable February 20, 2025.

SUPPLEMENTARY INFORMATION:**Background**

On December 31, 2024, the U.S. Department of Commerce (Commerce) initiated the countervailing duty (CVD) investigations of imports of float glass products from China and Malaysia.¹ Currently, the preliminary determinations in these investigations are due no later than March 6, 2025.

Postponement of Preliminary Determinations

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation

¹ See *Notice of Antidumping Duty Order and Amended Final Determination of Sales at Less Than Fair Value: Persulfates from the People's Republic of China*, 62 FR 36259 (July 7, 1997), as amended by *Notice of Amended Antidumping Duty Order: Persulfates from the People's Republic of China*, 62 FR 39212 (July 22, 1997) (collectively, *Order*).

within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination in a CVD investigation until no later than 130 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On February 4, 2025, the petitioner² in these CVD investigations timely requested that Commerce postpone the preliminary determinations.³ The petitioner requested postponement of the preliminary determinations so that Commerce can fully analyze the forthcoming questionnaire responses of the mandatory respondents and issue supplemental questionnaires, as necessary, prior to the issuance of the preliminary determinations.⁴

In accordance with 19 CFR 351.205(e), the petitioner submitted its request for postponement of the preliminary determinations in these investigations 25 days or more before the scheduled date of the preliminary determinations and stated the reasons for its request. Accordingly, Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determinations in these investigations to no later than 130 days after the date on which it initiated these investigations, *i.e.*, May 12, 2025.⁵ Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75

² The petitioner is Vitro Flat Glass, LLC and Vitro Meadville Flat Glass, LLC.

³ See Petitioner's Letter, "Request to Extend Preliminary Determination," dated February 4, 2025.

⁴ *Id.*

⁵ Because postponing the preliminary determinations to 130 days after initiation of these investigations makes the deadline fall on the weekend (*i.e.*, Saturday, May 10, 2025), the deadline is the next business day (*i.e.*, May 12, 2025). See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, as Amended*, 70 FR 24533 (May 10, 2005).
