

Pursuant to the Consent Agreement, Tyco is required to divest the Sheridan Line to Hudson RCI within ten days of the date the Commission places the Order on the public record. If the divestiture to Hudson RCI is not accomplished, Tyco must divest the Sheridan Line to a Commission-approved acquirer within six months. Should Tyco fail to do so, the Commission may appoint a trustee to divest the business.

The Consent Agreement includes a number of provisions that are designed to ensure that the transition of Tyco's endotracheal tube business to the acquirer is successful. The Consent Agreement requires Tyco to provide incentives to certain key employees to accept employment, and remain employed, by the acquirer. Tyco employees who had been involved with selling the Sheridan endotracheal tube line are prohibited from selling the Mallinckrodt endotracheal tube products for a period of one year. Tyco is also prohibited from inducing key hospital group purchasing organizations from terminating their contracts with the acquirer for a period of two years. Finally, Tyco employees involved with the endotracheal tube business are prohibited from disclosing any confidential information to employees involved with the Mallinckrodt line.

In order to ensure that the Commission remains informed about the status of the Tyco endotracheal tube business pending divestiture, and about efforts being made to accomplish the divestiture, the Consent Agreement requires Tyco to report to the Commission within 30 days, and every thirty days thereafter until the divestiture is accomplished. In addition, Tyco is required to report to the Commission every 60 days regarding its obligations to provide transitional services and facilities management.

The purpose of this analysis is to facilitate public comment on the Consent Agreement, and it is not intended to constitute an official interpretation of the Consent Agreement or to modify in any way its terms.

By direction of the Commission.

Benjamin I. Berman,

Acting Secretary.
