2. Consumer Compliance Post-Examination Survey (Voluntary).	Reporting (Annual)	329	1	00:45	247
Total Annual Burden (Hours)	616

Source: FDIC.

General Description of Collection: The purpose of the surveys is to gauge bankers' views on the effectiveness and quality of FDIC Safety and Soundness and Consumer Compliance examinations, as well as to identify ways to improve the examination process. Respondents are asked to voluntarily rate the efficiency of the preexamination process; examiners' professionalism and understanding of the laws and regulations; the examination process; and examination report quality. Respondents will also be allowed to provide feedback on any areas for improvement and will be given an option to have someone from the FDIC Office of the Ombudsman contact the institution confidentially about its recent examination or any other matters. There is no change in the method or substance of the collection. The 251-

hour decrease in burden is the result of the reduction in the estimated annual number of respondents.
