## RAILROAD RETIREMENT BOARD

### Proposed Collection; Comment Request

*Summary:* In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

*Comments are invited on:* (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

*Title and purpose of information collection:*

Request for Internet Services, OMB 3220–0198.

The RRB uses a Personal Identification Number (PIN)/Password system that allows RRB customers to conduct business with the agency electronically. As part of the system, the RRB collects information needed to establish a unique PIN/Password that allows customer access to RRB Internet-based services. The information collected is matched against records of the railroad employee that are maintained by the RRB. If the information is verified, the request is approved and the RRB mails a Password Request Code (PRC) to the requestor. If the information provided cannot be verified, the requestor is advised to contact the nearest field office of the RRB to resolve the discrepancy. Once a PRC is obtained from the RRB, the requestor can apply for a PIN/Password online. Once the PIN/Password has been established, the requestor has access to RRB Internet-based services. The RRB estimates that approximately 9,613 requests for PRC's and PIN/Passwords are received annually and that it takes 5 minutes per response to secure a PRC and 1.5 minutes to establish a PIN/Password. Completion is voluntary, however, the RRB will be unable to provide a PRC or allow a requestor to establish a PIN/Password (thereby denying system access), if the requests are not completed. The RRB proposes no changes to the PRC and PIN/Password screens.

*Additional Information or Comments:*

To request more information or to obtain a copy of the information collection justification, forms, and/or supporting material, please call the RRB Clearance Officer at (312) 751–3363 or send an e-mail request to [Charles.Mierzwa@RRB.gov](mailto:Charles.Mierzwa@RRB.gov). Rush Street, Chicago, Illinois 60611–2092 or [Patricia.Henaghan@RRR.GOV](mailto:Patricia.Henaghan@RRR.GOV). Comments should be received within 60 days of this notice.

## SECURITIES AND EXCHANGE COMMISSION

### Proposed Collection; Comment Request

*Upon Written Request, Copies Available From:* U.S. Securities and Exchange

Commission, Office of Investor Education and Advocacy, Washington, DC 20549–0213.

*Extension:*

Rule 19b–4 and Form 19b–4, OMB Control No. 3235–0045, SEC File No. 270–38.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

- Rule 19b–4 (17 CFR 240.19b–4) and Form 19b–4—Filings with respect to proposed rule changes by self-regulatory organizations.

Section 19(b) of the Securities Exchange Act of 1934 (“Act”) (15 U.S.C. 78s(b)) requires each self-regulatory organization (“SRO”) to file with the Commission copies of any proposed rule, or any proposed change in, addition to, or deletion from the rules of such SRO. Rule 19b–4 (17 CFR 240.19b–4) implements the requirements of Section 19(b) by requiring the SROs to file their proposed rule changes on Form 19b–4 and by clarifying which actions taken by SROs are deemed proposed rule changes and so must be filed pursuant to Section 19(b).

The collection of information is designed to provide the Commission with the information necessary to determine, as required by the Act, whether the proposed rule change is consistent with the Act and the rules thereunder. The information is used to determine if the proposed rule change should be approved, disapproved, or if proceedings should be instituted to determine whether the proposed rule change should be approved or disapproved.

The respondents to the collection of information are self-regulatory organizations (as defined by the Act), including national securities exchanges, national securities associations, registered clearing agencies and the Municipal Securities Rulemaking Board.

Twenty-three respondents file an average total of 1,323 responses per year. Each response takes approximately 23.51 hours to complete. Thus, the estimated annual response burden is 31,105 hours. At an average cost per response of \$6,945.64, the resultant total related cost of compliance for these respondents is \$9,191,396.21 per year (1,323 responses × \$6,945.64/response = \$9,191,396.21).
