

shall review this information and determine when testing is required to provide additional information in assuring compliance with the Conditions. EnergySolutions shall retain this information as required by the State of Utah to permit independent review.

At Receipt

EnergySolutions shall require generators of SNM waste to provide a written certification with each waste manifest that states that the SNM concentrations reported on the manifest do not exceed the limits in Condition 1, that the measurement uncertainty does not exceed the uncertainty value in Condition 1, and that the waste meets Conditions 2 through 4.

7. Sampling and radiological testing of waste containing SNM must be performed in accordance with the following: One sample for each of the first ten shipments of a waste stream; or one sample for each of the first 100 cubic yards of waste up to 1,000 cubic yards of a waste stream, and one sample for each additional 500 cubic yards of waste following the first ten shipments or following the first 1,000 cubic yards of a waste stream. Sampling and radiological testing of debris waste containing SNM (that is exempted from sampling by the State of Utah) can be eliminated if the SNM concentration is lower than one tenth of the limits in Condition 1. EnergySolutions shall verify the percent enrichment by appropriate analytical methods. The percent enrichment determination shall be made by taking into account the most conservative values based on the measurement uncertainties for the analytical methods chosen.

8. EnergySolutions shall notify the NRC, Region IV office within 24 hours if any of the above conditions are not met, including if a batch during a treatment process exceeds the SNM concentrations of Condition 1. A written notification of the event must be provided within 7 days.

9. EnergySolutions shall obtain NRC approval prior to changing any activities associated with the above conditions.

Based on the staff's evaluation, the Commission has determined, pursuant to 10 CFR 70.17(a), that the exemption of above activities at the EnergySolutions disposal facility is authorized by law, and will not endanger life or property or the common defense and security and is otherwise in the public interest. Accordingly, by this Order, the Commission grants an exemption subject to the stated conditions. The exemption will become effective after the State of Utah has incorporated the above conditions into

EnergySolutions' radioactive materials license. In addition, at that time, the Order published on August 1, 2005 will no longer be effective.

Pursuant to the requirements in 10 CFR part 51, the Commission has determined that an Environmental Assessment is not required as the proposed action (change in company name) is administrative and therefore falls within the categorical exclusion provisions of 10 CFR 51.22(c)(11).

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension:

Regulation S-P; OMB Control No. 3235-0537; and SEC File No. 270-480.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities

and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") requests for extension of the previously approved collection of information discussed below.

- Regulation S-P—Privacy of Consumer Financial Information.

The Commission adopted Regulation S-P (17 CFR part 248) under the authority set forth in section 504 of the Gramm-Leach-Bliley Act (15 U.S.C. 6804), sections 17 and 23 of the Securities Exchange Act of 1934 (15 U.S.C. 78q, 78w), sections 31 and 38 of the Investment Company Act of 1940 (15 U.S.C. 80a–30(a), 80a–37), and sections 204 and 211 of the Investment Advisers Act of 1940 (15 U.S.C. 80b–4, 80b–11). Regulation S-P implements the requirements of Title V of the Gramm-Leach-Bliley Act ("Act"), which include the requirement that at the time of establishing a customer relationship with a consumer and not less than annually during the continuation of such relationship, a financial institution shall provide a clear and conspicuous disclosure to such consumer of such financial institution's policies and practices with respect to disclosing nonpublic personal information to affiliates and nonaffiliated third parties ("privacy notice"). Title V of the Act also provides that, unless an exception applies, a financial institution may not disclose nonpublic personal information of a consumer to a nonaffiliated third party unless the financial institution clearly and conspicuously discloses to the consumer that such information may be disclosed to such third party; the consumer is given the opportunity, before the time that such information is initially disclosed, to direct that such information not be disclosed to such third party; and the consumer is given an explanation of how the consumer can exercise that nondisclosure option ("opt out notice"). The privacy notices required by the Act are mandatory. The opt out notices are not mandatory for financial institutions that do not share nonpublic personal information with nonaffiliated third parties except as permitted under an exception to the statute's opt out provisions. Regulation S-P implements the statute's requirements with respect to broker-dealers, investment companies, and registered investment advisers ("covered entities"). The Act and Regulation S-P also contain consumer reporting requirements. In order for consumers to opt out, they must respond to opt out notices. At any time during their continued relationship, consumers have the right to change or update their opt out status. Most

covered entities do not share nonpublic personal information with nonaffiliated third parties and therefore are not required to provide opt out notices to consumers under Regulation S-P. Therefore, few consumers are required to respond to opt out notices under the rule.

Currently, there are approximately 20,434 covered entities (approximately 6,280 registered broker-dealers, 4,939 investment companies, and, out of a total of 10,210 registered investment advisers, 9,215 registered investment advisers that are not also registered broker-dealers) that must prepare or revise the annual and initial privacy notices they provide to their customers. To prepare or revise their privacy notices, each of the approximately 11,219 covered entities that is a broker-dealer or investment company requires an estimated 40 hours at a cost of \$2,424 (32 hours of professional time at \$70 per hour plus 8 hours of clerical or administrative time at \$23 per hour) and each of the approximately 9,215 covered entities that is an investment adviser but not also a broker-dealer requires an estimated 5 hours at a cost of \$303 (4 hours of professional time at \$70 per hour plus 1 hour of clerical or administrative time at \$23 per hour). Thus, the total compliance burden per year is 494,835 hours (40 hours for 11,219 broker-dealers and investment companies, and 5 hours for 9,215 investment advisers that are not also broker-dealers \times 11,219 = 448,760, $5 \times 9,215 = 46,075$, and $448,760 + 46,075 = 494,835$), and \$29,987,001 ($\$2,424 \times 11,219 = \$27,194,856$, $\$303 \times 9,215 = \$2,792,145$, and $\$27,194,856 + \$2,792,145 = \$29,987,001$).

The wage estimates of \$70 per hour for professional time and \$23 per hour for clerical or administrative time used in the foregoing calculations are based on estimated mean hourly wages of \$68.23 for lawyers and \$22.56 for all other legal support workers in the U.S. Department of Labor's Bureau of Labor Statistics' November 2004 National Industry-Specific Occupational Employment and Wage Estimate, NAICS 523100—Securities and Commodity Contracts Intermediation and Brokerage (available online, as of March 2, 2006, at http://www.bls.gov/oes/current/naics4_523100.htm) adjusted upward for inflation by 2.5% based on the percentage increase in the employment cost indexes for white collar workers and for administrative support, including clerical, workers from December 2004 to December 2005, as reported in the U.S. Department of Labor's Bureau of Labor Statistics' Employment Cost Index for wages and

salaries for private industry workers by industry and occupational group (not seasonally adjusted) (available online, as of March 2, 2006, at <http://www.bls.gov/news.release/eci.t06.htm>).

Compliance with Regulation S-P is necessary for covered entities to achieve compliance with the consumer financial privacy notice requirements of Title V of the Act. The required consumer notices are not submitted to the Commission. Because the notices do not involve a collection of information by the Commission, Regulation S-P does not involve the collection of confidential information. Regulation S-P does not have a record retention requirement per se, although the notices to consumers it requires are subject to the recordkeeping requirements of Rules 17a–3 and 17a–4. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.
