

phase of the regulatory review period, while 183 days occurred during the approval phase. These periods of time were derived from the following dates:

1. *The date an exemption under section 505(i) of the Federal Food, Drug, and Cosmetic Act (the act) (21 U.S.C. 355(i)) became effective:* January 24, 2000. The applicant claims October 2, 1999, as the date the investigational new drug application (IND) became effective. However, FDA records indicate that the IND effective date was January 24, 2000, which was the date the IND was removed from clinical hold.

2. *The date the application was initially submitted with respect to the human drug product under section 505(b) of the act:* April 7, 2006. The applicant claims December 6, 2005, as the date the new drug application (NDA) for ZOLINZA (NDA 21-991) was initially submitted. However, FDA records indicate that NDA 21-991 was submitted in several modules under the fast track drug development program. It is FDA's position that the approval phase begins when the marketing application is complete for review. The final module of the NDA making it complete for review was submitted on April 7, 2006.

3. *The date the application was approved:* October 6, 2006. FDA has verified the applicant's claim that NDA 21-991 was approved on October 6, 2006.

This determination of the regulatory review period establishes the maximum potential length of a patent extension. However, the U.S. Patent and Trademark Office applies several statutory limitations in its calculations of the actual period for patent extension. In its application for patent extension, this applicant seeks 1,433 days of patent term extension.

Anyone with knowledge that any of the dates as published are incorrect may submit to the Division of Dockets Management (see **ADDRESSES**) written or electronic comments and ask for a redetermination by July 14, 2008. Furthermore, any interested person may petition FDA for a determination regarding whether the applicant for extension acted with due diligence during the regulatory review period by November 10, 2008. To meet its burden, the petition must contain sufficient facts to merit an FDA investigation. (See H. Rept. 857, part 1, 98th Cong., 2d sess., pp. 41-42, 1984.) Petitions should be in the format specified in 21 CFR 10.30.

Comments and petitions should be submitted to the Division of Dockets Management. Three copies of any mailed information are to be submitted, except that individuals may submit one

copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Comments and petitions may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

Please note that on January 15, 2008, the FDA Division of Dockets Management Web site transitioned to the Federal Dockets Management System (FDMS). FDMS is a Government-wide, electronic docket management system. Electronic comments or submissions will be accepted by FDA through FDMS only.

Health Resources and Services Administration

Preference for Healthy Start Grantees

AGENCY: Health Resources and Services Administration (HRSA), HHS.

ACTION: General notice.

BACKGROUND: This notice supplements the 2007 HRSA announcement (HRSA 08-023/08-031) of the availability of fiscal year (FY) 2008 funding for new and competing continuation applications for Healthy Start. Healthy Start strengthens communities to effectively address the causes of infant mortality, low birth weight and other poor perinatal outcomes for women and infants. Recently, new guidance became available with regards to funding FY 2008 Healthy Start programs.

SUMMARY: The Conference Report (H.R. Rep. No. 110-107) accompanying the Consolidated Appropriations Act 2008 (Pub. L. 110-161), Division G—Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2008, indicates concurrence with the Senate report language regarding the recompetition of Healthy Start programs. Following the Senate Committee's recommendation, the Health Resources and Services Administration (HRSA) will give funding preference during the FY 2008 competition to current Healthy Start grantees.

Senate Report 110-107 urges "HRSA to give preference to current and former

grantees with expiring or recently expired project periods."
