

activities conducted by DHS NPPD. More specifically, the information will be used to address facility assessments, response planning, and risk mitigation execution and related CIKR protection and incident management activities.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Analysis

Agency: Department of Homeland Security, National Protection and Programs Directorate.

Title: Assessment Questionnaire—Voluntary Chemical Assessment Tool (VCAT).

DHS Form: Not Applicable.

OMB Number: 1670—NEW.

Affected Public: Business or other for-profit, Federal Government.

Number of Respondents: 50.

Estimated Time per Respondent: 8 hours.

Total Burden Hours: 400 annual burden hours.

Total Burden Cost (capital/startup): \$0.00.

Total Burden Cost (operating/maintaining): \$0.00.

Thomas Chase Garwood, III,

Chief Information Officer, National Protection and Programs Directorate, Department of Homeland Security.

BILLING CODE 9110-9P-P

DEPARTMENT OF HOMELAND SECURITY

National Protection and Programs Directorate; Infrastructure Protection Data Call Survey

AGENCY: National Protection and Programs Directorate, DHS.

ACTION: 60-Day Notice and request for comments; new information collection request: 1670—NEW.

SUMMARY: The Department of Homeland Security, National Protection and Programs Directorate, has submitted the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35).

DATES: Comments are encouraged and will be accepted until November 13, 2009. This process is conducted in accordance with 5 CFR 1320.1

ADDRESSES: Written comments and questions about this Information Collection Request should be forwarded to NPPD/IP/IICD, *Attn.: Mary Matheny-Rushdan, mary.matheny-rushdan@dhs.gov.*

SUPPLEMENTARY INFORMATION: The U.S. Department of Homeland Security (DHS) is the lead coordinator in the national effort to identify and prioritize the country's critical infrastructure and key resources (CIKR). At DHS, this responsibility is managed by the Office of Infrastructure Protection (IP) in the National Protection and Programs Directorate (NPPD). In FY2006, IP engaged in the annual development of a list of CIKR assets and systems to improve IP's CIKR prioritization efforts; this list is called the Critical Infrastructure List. The Critical Infrastructure List includes assets and systems that, if destroyed, damaged or otherwise compromised, could result in significant consequences on a regional or national scale.

The IP Data Call is administered out of the Infrastructure Information Collection Division (IICD) in the Office of Infrastructure Protection (IP). The IP Data Call provides opportunities for States and territories to collaborate with DHS and its Federal partners in CIKR protection. DHS, State and territorial Homeland Security Advisors (HSA), Sector Specific Agencies (SSA), and territories build their CIKR data using the IP Data Call application. To ensure that HSAs, SSAs and territories are able to achieve this mission, IP requests opinions and information in a survey from IP Data Call participants regarding the IP Data Call process and the Web-based application used to collect the CIKR data. The survey data collected is for internal IICD and IP use only.

IICD and IP will use the results of the IP Data Call Survey to determine levels of customer satisfaction with the IP Data Call process and the IP Data Call

application and prioritize future improvements. The results will also allow IP to appropriate funds cost-effectively based on user need, and improve the process and application.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Analysis

Agency: Department of Homeland Security, National Protection and Programs Directorate.

Title: IP Data Call Survey.

Form: Not Applicable.

OMB Number: 1670—NEW.

Affected Public: State, Local, or Tribal Government.

Number of Respondents: 138.

Estimated Time per Respondent: 2 hours.

Total Burden Hours: 276.

Total Burden Cost (operating/maintaining): \$25,513.

Thomas Chase Garwood, III,

Chief Information Officer, National Protection and Programs Directorate, Department of Homeland Security.

BILLING CODE 9910-9P-P

DEPARTMENT OF HOMELAND SECURITY

National Protection and Programs Directorate; User Account Creation—Risk Self Assessment Tool (R-SAT)

AGENCY: National Protection and Programs Directorate, DHS.

ACTION: 60-Day Notice and request for comments; new information collection request, 1670—NEW.

SUMMARY: The Department of Homeland Security, National Protection and

Programs Directorate, has submitted the following information collection request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. Chapter 35).

DATES: Comments are encouraged and will be accepted until November 13, 2009. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Comments and questions about this Information Collection Request should be forwarded to (Amanda Norman, Program Analyst, DHS/NPPD/IP/IICD) Amanda.Norman@hq.dhs.gov.

SUPPLEMENTARY INFORMATION: In order to identify and assess the vulnerabilities and risks pertaining to a specific public assembly venue, such as a stadium or arena, owner-operators and/or security managers often volunteer to conduct an R–SAT assessment. The requested user information is necessary in order to establish a user account for individuals so that they are able to access the system and conduct the assessment. To establish a user account, the user will need to provide their name, contact information, and venue information, which will be used to set-up the account.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

BILLING CODE 9110–9P–P

DEPARTMENT OF HOMELAND SECURITY

National Protection and Programs Directorate; CAPTAP Train the Trainer Survey

AGENCY: National Protection and Programs Directorate.

ACTION: 60–Day notice and request for comments; new information collection request 1670–NEW.

SUMMARY: The Department of Homeland Security, National Protection and Programs Directorate, has submitted the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–13, 44 U.S.C. Chapter 35).

DATES: Comments are encouraged and will be accepted until November 13, 2009. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: Written comments and questions about this Information Collection Request should be forwarded to Department of Homeland Security, National Protection and Programs Directorate, Infrastructure Protection, *Attn.:* Veronica Heller, Team Lead, Planning and Policy Integration, Ballston One, 4601 N. Fairfax Drive 5th Floor, Arlington, Virginia 22203.

SUPPLEMENTARY INFORMATION: The Critical Infrastructure Key Resources (CIKR) Asset Protection Technical Assistance Program (CAPTAP) offers State and local first responders, emergency managers, and other homeland security officials training to develop comprehensive CIKR protection programs in their respective jurisdictions; access to the Constellation/Automated Critical Asset Management System (C/ACAMS) tools

for using CIKR asset data, prevention and protection information; and incident response and recovery plans to make their communities safer. To ensure that interested parties appropriately advance this mission, C/ACAMS provides CAPTAP Train-the-Trainer (TTT) sessions to State and local government officials so that they may then train their colleagues through CAPTAP services. The survey measures customer satisfaction with the training provided through the CAPTAP TTT course. The C/ACAMS Program Management Office (PMO) is administered out of the Infrastructure Information Collection Division (IICD) in the Office of Infrastructure Protection (IP).

The survey data collected is for internal C/ACAMS PMO, IICD and IP use only. The C/ACAMS PMO evaluates the CAPTAP TTT customer survey to determine levels of customer satisfaction with the CAPTAP TTT training and areas in need of improvement. The survey supports data-based decision-making because it evaluates quantitative and qualitative data to identify improvements and identify significant issues based on what customers' experience. Obtaining current fact-based actionable data about the training allows the program to recalibrate its resources to address new or emerging issues.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
