Abstract: The Migratory Bird Treaty Act of 1918 (16 U.S.C. 703-712) and the

Fish and Wildlife Act of 1956 (16 U.S.C. 742d) designate the Department of the Interior as the key agency responsible for managing migratory bird populations that frequent the United States and for setting harvest regulations that allow for the conservation of those populations. These responsibilities include gathering data on various aspects of migratory bird harvest. We use harvest data to review regulation proposals and to issue harvest regulations.

The Migratory Bird Treaty Act Protocol Amendment (1995) (Amendment) provides for the customary and traditional use of migratory birds and their eggs for subsistence use by Indigenous inhabitants of Alaska. The Amendment states that its intent is not to cause significant increases in the take of species of migratory birds relative to their continental population sizes. A submittal letter from the Department of State to the White House (May 20, 1996) accompanied the Amendment and specified the need for harvest monitoring. The submittal letter stated that the Service, the Alaska Department of Fish and Game (ADF&G), and Alaska Native Organizations would collect harvest information cooperatively within the subsistence-eligible areas. Harvest data help to ensure that customary and traditional subsistence uses of migratory birds and their eggs by Indigenous inhabitants of Alaska do not significantly increase the take of species of migratory birds relative to their continental population sizes.

Information collection currently authorized under the OMB approval number 1018-0178 includes three items related to the spring-summer subsistence harvest of migratory birds in Alaska: (1) invitation of residents of non-eligible regions to participate in harvesting activities in the eligible regions; (2) household registration permit for harvest in the Cordova area; and (3) hunter registration permit for harvest in the Kodiak Island Roaded Area. Harvest monitoring associated to the Cordova and Kodiak permits are authorized under a separate OMB control number (1018-0124).

1. Invitation to Harvest:

- *Tribal Council Invitation Letter*—Regulations at 50 CFR 92.5(d) allow immediate family members (children, parents, grandparents, and siblings living in excluded areas) of residents of eligible areas to participate in the spring-summer subsistence harvest of migratory birds in a village's subsistence area. The regulations specify that participation of residents of excluded areas in the spring-summer harvest of migratory birds in an eligible area must
