

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel TEXAS CREWED.

SUMMARY: As authorized by Public Law 105-383, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a description of the proposed service, is listed below. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines that in accordance with Public Law 105-383 and MARAD's regulations at 46 CFR Part 388 (65 FR 6905; February 11, 2000) that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels, a waiver will not be granted.

DATES: Submit comments on or before September 18, 2002.

ADDRESSES: Comments should refer to docket number MARAD-2002-13142. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. DOT Dockets, Room PL-401, Department of Transportation, 400 7th St., SW., Washington, DC 20590-0001. You may also send comments electronically via the Internet at <http://dmses.dot.gov/submit/>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: Kathleen Dunn, U.S. Department of Transportation, Maritime Administration, MAR-832 Room 7201, 400 Seventh Street, SW., Washington, DC 20590. Telephone 202-366-2307.

SUPPLEMENTARY INFORMATION: Title V of Public Law 105-383 provides authority to the Secretary of Transportation to administratively waive the U.S.-build requirements of the Jones Act, and other statutes, for small commercial passenger vessels (no more than 12 passengers). This authority has been delegated to the Maritime Administration per 49 CFR 1.66, Delegations to the Maritime Administrator, as amended. By this notice, MARAD is publishing information on a vessel for which a request for a U.S.-build waiver has been

received, and for which MARAD requests comments from interested parties. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

Vessel Proposed for Waiver of the U.S.-build Requirement

(1) Name of vessel and owner for which waiver is requested. Name of vessel: TEXAS CREWED. Owner: David Michael Wells.

(2) Size, capacity and tonnage of vessel. According to the applicant: "Gross tonnage is 29 Tons, 26 Net Tons, 46 feet in length overall."

(3) Intended use for vessel, including geographic region of intended operation and trade. According to the applicant: "Intentions are to charter for hire with not more than 12 passengers. Geographic region to include if authorized, all Florida coastal waters and U.S. Virgin Islands Coastal waters."

(4) Date and Place of construction and (if applicable) rebuilding. Date of construction: 1978. Place of construction: Caching, Republic of Taiwan.

(5) A statement on the impact this waiver will have on other commercial passenger vessel operators. According to the applicant: "I believe impact on other passenger vessels within this region to be negligible, as there appears to be more business in the environment than operators can handle. It is difficult to determine the number of existing operators within the applied for regions. Apparently there are not enough based on the regular occurrence of invitations I receive to sail for hire."

(6) A statement on the impact this waiver will have on U.S. shipyards. According to the applicant: "U.S. Shipyards and boatyards will benefit from this venture in the area of TEXAS CREWED's normal haul out schedule of 1 year to 18 months for cleaning and anti fouling renewal. Increased wear and tear from charter operations will undoubtedly result in more extensive and frequent haul outs thus increasing revenue gains to local U.S. shipyard and repair facilities."

Dated: August 14, 2002.

By order of the Maritime Administrator.

Joel C. Richard,

Secretary, Maritime Administration.

Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel VILLOMEE.

SUMMARY: As authorized by Public Law 105-383, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a description of the proposed service, is listed below. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines that in accordance with Public Law 105-383 and MARAD's regulations at 46 CFR Part 388 (65 FR 6905; February 11, 2000) that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels, a waiver will not be granted.

DATES: Submit comments on or before September 18, 2002.

ADDRESSES: Comments should refer to docket number MARAD-2002-13139. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. DOT Dockets, Room PL-401, Department of Transportation, 400 7th St., SW., Washington, DC 20590-0001. You may also send comments electronically via the Internet at <http://dmses.dot.gov/submit/>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://dms.dot.gov>.

FOR FURTHER INFORMATION CONTACT: Kathleen Dunn, U.S. Department of Transportation, Maritime Administration, MAR-832 Room 7201, 400 Seventh Street, SW., Washington, DC 20590. Telephone 202-366-2307.

SUPPLEMENTARY INFORMATION: Title V of Public Law 105-383 provides authority to the Secretary of Transportation to administratively waive the U.S.-build

requirements of the Jones Act, and other statutes, for small commercial passenger vessels (no more than 12 passengers). This authority has been delegated to the Maritime Administration per 49 CFR 1.66, Delegations to the Maritime Administrator, as amended. By this notice, MARAD is publishing information on a vessel for which a request for a U.S.-build waiver has been received, and for which MARAD requests comments from interested parties. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Vessel Proposed for Waiver of the U.S.-build Requirement

(1) Name of vessel and owner for which waiver is requested. Name of vessel: VILLOMEE. Owner: Charles W. Collins.

(2) Size, capacity and tonnage of vessel. According to the applicant: "LOA: 51' Beam: 15' 4"; Capacity: 12 persons; Gross Tonnage: 35."

(3) Intended use for vessel, including geographic region of intended operation and trade. According to the applicant: "Recreational sailing charters and coastwise cruising along the east coast of the U.S."

(4) Date and Place of construction and (if applicable) rebuilding. Date of construction: 1990. Place of construction: Taiwan.

(5) A statement on the impact this waiver will have on other commercial passenger vessel operators. According to the applicant: "Minimal impact; While there is a large demand, there are few vessels of this vintage capable of coastal and bluewater cruising along the entire U.S. east coast."

(6) A statement on the impact this waiver will have on U.S. shipyards. According to the applicant: "Positive impact: This vessel has already gone through two major refits at U.S. yards, and its intended use will require constant upgrading and maintenance, all of which will be performed at U.S. shipyards."

BILLING CODE 4910-81-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[U.S. DOT Docket Number NHTSA-2002-12908]

Reports, Forms and Recordkeeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Request for public comment on proposed collection of information.

SUMMARY: Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections.

This document describes one collection of information for which NHTSA intends to seek OMB approval.

DATES: Comments must be received on or before October 18, 2002.

ADDRESSES: Comments must refer to the docket notice numbers cited at the beginning of this notice and be submitted to Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. Please identify the proposed collection of information for which a comment is provided, by referencing its OMB Control Number. It is requested, but not required, that 2 copies of the comment be provided. The Docket Section is open on weekdays from 10 a.m. to 5 p.m.

FOR FURTHER INFORMATION CONTACT: Complete copies of each request for collection of information may be obtained at no charge from Johanna Lowrie, NHTSA, 400 Seventh Street, SW., Room 5311, NPS-10, Washington, DC 20590. Mrs. Lowrie's telephone number is (202) 366-5269. Please identify the relevant collection of information by referring to its OMB Control Number.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations

describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d), an agency must ask for public comment on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) How to enhance the quality, utility, and clarity of the information to be collected;

(iv) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, in submission of responses.

In compliance with these requirements, NHTSA asks for public comments on the following proposed collections of information:

Title: Vehicle Information for the General Public.

OMB Control Number: 2127 New.

Affected Public: Manufacturers that sell motor vehicles in the United States under 10,000 lbs.

Abstract: NHTSA currently collects vehicle information through the Office of Vehicle Safety Compliance (OVSC). This information collection is mandatory and is specific to Compliance requirements of certain Federal Motor Vehicle Safety Standards (FMVSS). The information collected by OVSC has been useful to the New Car Assessment Program (NCAP) in selecting vehicles for its crash testing programs, but more information is needed. At the same time, the public's interest in vehicle information continues to grow. The public is interested not only in crash test results and other vehicle ratings, but is also interested in information on the benefit and availability of safety features. NHTSA also needs safety feature information when it attempts to analyze petitions for rulemaking asking the agency to mandate certain safety features.

An example of the type of information we propose to collect includes: Specific advanced frontal air bags information that would include the number if air bag deployment stages; technologies air bag deployment is dependent upon; air bag on/off switch information; child restraint anchorages system information; seat belt information that would include
