The initial Task Group meeting agenda will include: review of Task Group charges from the Pinedale Anticline Oil and Gas Exploration and Development Project ROD and the PAWG (developing monitoring plan(s) for transportation activities in the Anticline gas field, identifying who will do the monitoring, and identifying who will pay for the monitoring); developing a strategy to accomplish those tasks for recommendation to the PAWG by February, 2005; and selecting Task Group leadership and a proceedings recorder. Subsequent meeting agendas will include developing the monitoring plan(s) and identifying who will do the monitoring and how those costs will be paid. Public comments will be heard just prior to adjournment at each meeting.
