**DEPARTMENT OF JUSTICE****Notice of Lodging of Proposed Modification to Consent Decree Under the Clean Water Act**

On April 25, 2022, the Department of Justice lodged a proposed fifth modification to the consent decree with the United States District Court for the Southern District of Indiana in *United States and the State of Indiana v. The City of Evansville, et al.*, Civil Action No. 3:09-cv-128 (S.D. Ind.).

The United States filed this lawsuit in 2009 under the Clean Water Act ("Act"). The complaint sought injunctive relief and civil penalties for violations of the Act in connection with the City of Evansville's operation of its municipal wastewater and sewer system. The allegations in the Complaint were resolved in a Consent Decree, entered on June 22, 2011, in which the City of Evansville agreed, among other things, to develop a long term Integrated Overflow Control Plan ("IOCP") that would remedy the deficiencies in the capacity, operation and maintenance of Evansville's East Plant and West Plant, combined sewer system, and sanitary sewer system. In 2016, the Court approved a consent decree modification adopting and incorporating Evansville's finalized IOCP, which included implementation of specific wastewater treatment and capacity upgrades and capital improvement projects over a 25-year period at an estimated cost of \$729
