#### Determinations

On the basis of the record <sup>1</sup> developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that an industry in the United States is materially injured by reason of imports of vanillin from China, provided for in subheadings 2912.41.00 and 2912.42.00 of the Harmonized Tariff Schedule of the United States, that have been found

<sup>1</sup> The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

by the U.S. Department of Commerce ("Commerce") to be sold in the United States at less than fair value ("LTFV"), and imports of the subject merchandise from China that have been found to be subsidized by the government of China.<sup>2</sup>

### Background

The Commission instituted these investigations effective June 5, 2024, following receipt of petitions filed with the Commission and Commerce by Solvay USA LLC ("Solvay"), Baton Rouge, Louisiana. The final phase of the investigations was scheduled by the Commission following notification of preliminary determinations by Commerce that imports of vanillin from China were subsidized within the meaning of section 703(b) of the Act (19 U.S.C. 1671b(b)) and sold at LTFV within the meaning of 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on February 6, 2025 (90 FR 9082). The public hearing in connection with the investigations, originally scheduled for May 29, 2025, was cancelled.<sup>3</sup>

The Commission made these determinations pursuant to §§ 705(b) and 735(b) of the Act (19 U.S.C. 1671d(b) and 19 U.S.C. 1673d(b)). It completed and filed its determinations in these investigations on July 18, 2025. ## DEPARTMENT OF JUSTICE

[OMB 1140-0081]

### Agency Information Collection Activities; Proposed eCollection eComments Requested; Appeals of Background Checks

**AGENCY:** Bureau of Alcohol, Tobacco, Firearms and Explosives, Department of Justice.

**ACTION:** 30-Day notice.

**SUMMARY:** The Department of Justice (DOJ), Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

**DATES:** Comments are encouraged and will be accepted for 30 days until August 22, 2025.

**FOR FURTHER INFORMATION CONTACT:** If you have comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact: Shawn Stevens, by email at [FELC@atf.gov/Shawn.Stevens@atf.gov](mailto:FELC@atf.gov/Shawn.Stevens@atf.gov), or telephone at 304-616-4400.

**SUPPLEMENTARY INFORMATION:** The proposed information collection was previously published in the **Federal Register**, volume 90 page 19003, on Monday, May 5th, 2025, allowing a 60-day comment period. DOJ received one public comment.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and/or
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g.,

permitting electronic submission of responses.

Written comments and recommendations for this information collection should be submitted within 30 days of the publication of this notice on the following website [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the information collection or the OMB Control Number 1140-0081. This information collection request may be viewed at [www.reginfo.gov](http://www.reginfo.gov). Follow the instructions to view Department of Justice, information collections currently under review by OMB.

DOJ seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOJ notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

DOJ received one public comment during the 60-day notice and comment period. The commenter stated that, in their personal experience, the time estimate for completing an appeal was closer to four hours than the two hours estimated in the ICR. However, the two-hour time for completing these appeals was determined from information previously provided by respondents. It is possible that some appeals take less time than two hours to complete and others take more time. While the weight of respondents resulted in up to two hours as the standard average amount of time, in deference to this comment, DOJ has increased the time to three hours to account for the commenter's experience that some appeals might take more time. However, because it is likely to be few, DOJ is not increasing the estimated average to four hours.
