

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by March 7, 2003.

Public Comment Policy. We will post all comments in response to this notice on our Web site at http://www.mrm.mms.gov/Laws_R_D/InfoColl/InfoColCom.htm. We will also make copies of the comments available for public review, including names and addresses of respondents, during regular business hours at our offices in Lakewood, Colorado. Individual respondents may request that we withhold their home address from the public record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the rulemaking record a respondent's identity, as allowable by law. If you request that we withhold your name and/or address, state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

MMS Information Collection Clearance Officer: Jo Ann Lauterbach, (202) 208-7744.

Dated: January 28, 2003.

Lucy Querques Denett,

Associate Director for Minerals Revenue Management.

National Park Service

Cuyahoga Valley National Park EIS Availability

AGENCY: National Park Service.

ACTION: Notice of availability of the draft rural landscape management program Environmental Impact Statement for Cuyahoga Valley National Park, Ohio.

SUMMARY: Pursuant to section 102(2) of the National Environmental Policy Act of 1969, the National Park Service (NPS) announces the availability of the draft rural landscape management program Environmental Impact Statement (DEIS)

for Cuyahoga Valley National Park, Ohio (hereafter "the Park").

DATES: There will be a 60-day public review period for comments on this document. Comments on the DEIS must be received no later than 60-days after the Environmental Protection Agency publishes its notice of availability in the **Federal Register**. Public open houses for information about, or to make comment on, the DEIS will be announced in the local media and the Park's web site when they are scheduled. Information about meeting time and place will be available by contacting the Park's communications center at 440-526-5256 or visiting the Park's web site at: <http://www.nps.gov/cuva/management/rmprojects/ruraleis/>.

ADDRESSES: Copies of the DEIS are available by request by writing to Superintendent, Cuyahoga Valley National Park, 15610 Vaughn Road, Brecksville, OH 44141, by phone 440-546-5903, or by e-mail cuva_superintendent@nps.gov. A downloadable on-line version of the document is available at: <http://www.nps.gov/cuva/management/rmprojects/ruraleis/>.

FOR FURTHER INFORMATION CONTACT: Superintendent, Cuyahoga Valley National Park, 15610 Vaughn Road, Brecksville, OH 44141, or by phone 440-546-5903.

SUPPLEMENTARY INFORMATION: The preservation of the rural landscape is central to the Park's legislative mandate. The law, that established the Park, mandates the "preservation of the historic, scenic, natural, and recreational values of the Cuyahoga Valley" (Public Law 93-555, 1974). One component of the historic and scenic values of the Park is the rural landscape—lands and structures modified by humans for agricultural use. Throughout the Park's history, efforts to preserve the rural landscape have been sporadic; there has never been a comprehensive program to manage the rural landscape. As a result, many of the Park's rural landscape resources have been lost. Therefore, the Park is proposing to better protect and revitalize this cultural resource by implementing an integrated rural landscape management program, with the goal of more effectively and systematically preserving and protecting the rural landscape resources in the Park. The DEIS describes and analyzes the environmental impacts of alternatives and their associated impacts. In the Park's preferred alternative (alternative 2—Countryside Initiative), the rural landscape would be managed largely by issuing long-term

leases to private individuals for the purpose of conducting sustainable agricultural activities. Two additional action alternatives and a no action alternative are evaluated in this EIS.

Persons wishing to comment may do so by any one of several methods. They may attend the open houses noted above. They may mail comments to Superintendent, Cuyahoga Valley National Park, 15610 Vaughn Road, Brecksville, OH 44141. They also may comment via e-mail to cuav_superintendent@nps.gov (include name and return address in the e-mail message). Finally, they may hand-deliver comments to Park Headquarters, Cuyahoga Valley National Park, 15610 Vaughn Road, Brecksville, OH 44141.

The NPS' practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request we withhold their home address from the record, which we will honor to the extent allowable by law. There also may be circumstances, in which we would withhold from the record a respondent's identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses available for public inspection in their entirety.

The responsible official is Mr. William Schenk, Midwest Regional Director.

Dated: December 17, 2002.

William W. Schenk,

Regional Director, Midwest Region.

National Park Service

General Management Plan for San Juan Island National Historical Park, San Juan County, WA; Notice of Intent To Prepare an Environmental Impact Statement

Summary: In accordance with § 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4321 *et. seq.*), the National Park Service is undertaking a conservation planning and environmental impact analysis process for a new General Management Plan for San Juan Island National

Historical Park. The purpose of the scoping process is to elicit early public comment regarding the full spectrum of public issues and concerns, including a suitable range of alternatives, appropriate boundaries, and the nature and extent of potential environmental impacts and appropriate mitigation strategies which should be addressed in preparing the draft Environmental Impact Statement (EIS).

Background: A general management plan (GMP) sets forth the basic management philosophy for a unit of the National Park System and provides the strategies for addressing issues and achieving identified management objectives for that unit. In the forthcoming EIS\GMP effort and its integral public review process, the National Park Service (NPS) will formulate a range of alternatives to address distinct management strategies for the park, including resource protection and visitor use. The EIS will identify and evaluate potential environmental impacts. The GMP will guide the management of natural and cultural resources and visitor use of those resources, serving as blueprint for park managers over the next 10–15 years. Development concept plans for selected facilities may be included with the GMP.

Scoping and Comment Process: Scoping activities involving a wide range of park stakeholders is of critical importance for early identification of issues and concerns which should be addressed in the forthcoming EIS\GMP. Representatives of Federal, State, and local agencies, American Indian tribes, private organizations and individuals from the general public who may be interested in or affected by the proposed GMP are encouraged to participate in the scoping process by responding with written comments, or by providing any relevant information.

At this time, major issues anticipated to be addressed in the San Juan Island National Historical Park EIS\GMP include: (1) Substantial growth pressures on cultural and natural resources of the park; (2) future protection of water quality and quantity; (3) natural erosion of portions of the shoreline; (4) proliferation of exotic plant and animal species; and (4) lack of adequate administrative and visitor facilities and services in terms of location and scale. Comments on these or other concerns deemed relevant to the conservation planning and environmental impact analysis process, as well as suggested management alternatives suitable for addressing these factors, are encouraged and are

particularly helpful as this early phase in the overall EIS\GMP process.

Several public scoping meetings are planned for spring 2003. Confirmed dates, times, and locations will be timely announced via local and regional press releases, in a park scoping newsletter, and on the park website http://www.nps.gov/sajh/gmp_sajh.html.

All interested individuals, organizations, and agencies wishing to provide comments, suggestions, or relevant information (or those wishing to be included in the project mailing list) should contact the Superintendent at San Juan Island National Historical Park, P.O. Box 429, Friday Harbor, Washington 98250, or via telephone at (360) 378–2240. All written comments must be postmarked not later than June 1, 2003.

If individuals submitting comments request that their name or/and address be withheld from public disclosure, it will be honored to the extent allowable by law. Such requests must be stated prominently in the beginning of the comments. There also may be circumstances wherein the NPS will withhold a respondent's identity as allowable by law. As always, NPS will make available to public inspection all submissions from organizations or businesses and from persons identifying themselves as representatives or officials of organizations and businesses; and, anonymous comments may not be considered.

Decision Process: The draft EIS\GMP is expected to be available for public review by summer 2004, with the final version of the document completed by winter 2005. As a delegated EIS, the official responsible for approval of the EIS\GMP is the Regional Director, Pacific West Region, National Park Service. Subsequently, the official responsible for implementation of the approved GMP will be the Superintendent, San Juan Island National Historical Park.

Dated: December 18, 2002.

Jonathan B. Jarvis,

Regional Director, Pacific West Region.

Aniakchak National Monument Subsistence Resource Commission Meeting

AGENCY: National Park Service, Interior.

ACTION: Announcement of Subsistence Resource Commission meeting.

SUMMARY: Notice is hereby given in accordance with the Federal Advisory Committee Act that a meeting of the Aniakchak National Monument Park Subsistence Resource Commission will be held at Chignik Lake, Alaska. The purpose of the meeting will be to continue work on National Park Service subsistence hunting program recommendations including other related subsistence management issues. The meeting will be open to the public. Any person may file with the Commission a written statement concerning the matters to be discussed.

The Subsistence Resource Commissions are authorized under title VIII, section 808, of the Alaska National Interest Lands Conservation Act, Pub. L. 96–487, and operation in accordance with the provisions of the Federal Advisory Committee Act.

DATES: The meeting will be on February 19, 2003, 9 a.m. to 4 p.m. at the Subsistence Hall in Chignik Lake, Alaska. In accordance with 41 CFR 102–3.150, we may provide less than 15 days notice in the **Federal Register** to convene the Commission prior to the February 27, 2003, Bristol Bay Regional Council meeting.

FOR FURTHER INFORMATION CONTACT: Mary McBurney, Subsistence Manager at (907) 257–2633.

SUPPLEMENTARY INFORMATION: Notice of this meeting will be published in local newspapers and announced on local radio stations prior to the meeting dates. Locations and dates may need to be changed based on weather or local circumstances.

The following agenda items will be discussed:

1. Call to order (SRC Chair).
2. Roll call and confirmation of quorum.
3. SRC Chair and Superintendent's welcome and introductions.
4. Review Commission purpose and status of membership.
5. Review and adopt agenda.
6. Review and adopt minutes from last meeting.
7. Superintendent's report.
8. Review SRC Chair's workshop notes.
9. Update—Review Federal Subsistence Board Actions on Wildlife Proposals.
10. Update—Review Federal Subsistence Board Actions on Fisheries Proposals.
11. Develop comments for Federal Subsistence Board Proposals.
12. Review Status of Subsistence Hunting Program Recommendations.
