

Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) The public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

When the Commission orders some form of remedy, the U.S. Trade Representative, as delegated by the President, has 60 days to approve or disapprove the Commission's action. See Presidential Memorandum of July 21, 2005, 70 FR 43251 (July 26, 2005). During this period, the subject articles would be entitled to enter the United States under bond, in an amount determined by the Commission and prescribed by the Secretary of the Treasury. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed if a remedy is ordered.

Written Submissions: The written submissions mentioned above should be concise and thoroughly referenced to the record in this investigation. Also, parties to the investigation, interested government agencies, and any other interested parties are encouraged to file written submissions on the issues of remedy, the public interest, and bonding, and such submissions should address the recommended determination by the ALJ on remedy and bonding. The complainant and the Commission investigative attorney are also requested to submit proposed remedial orders for the Commission's consideration. Complainants are also requested to state the dates that the patents at issue expire and the HTSUS numbers under which the accused products are imported. All of the written submissions and proposed remedial orders must be filed no later than close of business on March 24, 2008. Reply submissions must be filed no later than the close of business on March 31. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file the original document and 12 true copies thereof on or before the deadlines stated above with the Office of the Secretary. Any person desiring to submit a document to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment

during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 210.6. Documents for which confidential treatment by the Commission is sought will be treated accordingly. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in sections 210.42–46 of the Commission's Rules of Practice and Procedure, 19 CFR 210.42–46.

Issued: March 14, 2008.

By order of the Commission.

Marilyn R. Abbott,

Secretary to the Commission.

MORRIS K. UDALL SCHOLARSHIP AND EXCELLENCE IN NATIONAL ENVIRONMENTAL POLICY FOUNDATION

The United States Institute for Environmental Conflict Resolution; Agency Information Collection Activities: Proposed Collection; Comment Request: See List of Evaluation Related ICRs Planned for Submission to OMB in Section A

AGENCY: Morris K. Udall Scholarship and Excellence in National Environmental Policy Foundation, U.S. Institute for Environmental Conflict Resolution.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that the U.S. Institute for Environmental Conflict Resolution (the U.S. Institute), part of the Morris K. Udall Foundation, is planning to submit seven Information Collection Requests (ICRs) to the Office of Management and Budget (OMB). Six of the seven ICRs are for revisions to currently approved collections due to expire 06/30/2008 (OMB control numbers 3320–0003, 3320–0004, 3320–2005, 3320–0006, 3320–0007, and 3320–

0009). One ICR pertains to a new collection request. The seven ICRs are being consolidated under a single filing to provide a more coherent picture of information collection activities designed primarily to measure performance. The proposed collections are necessary to support program evaluation activities. The collection is expected neither to have a significant economic impact on respondents, nor to affect a substantial number of small entities.

Before submitting the ICRs to OMB for review and approval, the U.S. Institute is soliciting comments on specific aspects of the proposed information collection as described at the beginning of the section labeled **SUPPLEMENTARY INFORMATION**.

Supporting statements for the proposed paperwork collections can be downloaded from the Institute's Web site <http://www.ecr.gov/ecr.asp?link=557>. Paper copies can be obtained by contacting Patricia Orr, Program Manager for Evaluation, U.S. Institute for Environmental Conflict Resolution, 130 South Scott Avenue, Tucson, Arizona 85701, Fax: 520-670-5530, Phone: 520-901-8548, E-mail: orr@ecr.gov.

DATES: Comments must be submitted on or before May 19, 2008.

ADDRESSES: Submit your comments, referencing this **Federal Register** Notice, by e-mail to orr@ecr.gov, or by fax to 520-670-5530, or by mail to the attention of Patricia Orr, Program Manager for Evaluation, U.S. Institute for Environmental Conflict Resolution, 130 South Scott Avenue, Tucson, Arizona 85701.

SUPPLEMENTARY INFORMATION:

Overview

To comply with the Government Performance and Results Act (GPRA) (Pub. L. 103-62), the U.S. Institute for Environmental Conflict Resolution, as part of the Morris K. Udall Foundation, is required to produce, each year, an Annual Performance Budget and an Annual Performance and Accountability Report, linked directly to the goals and objectives outlined in the Institute's five-year Strategic Plan. The U.S. Institute's evaluation system is key to evaluating progress towards achieving its performance commitments. The U.S. Institute is committed to evaluating all of its projects, programs and services not only to measure and report on performance but also to use this information to learn from and improve its services. The refined evaluation system has been carefully designed to support efficient and economical

generation, analysis and use of this much-needed information, with an emphasis on performance measurement, learning and improvement.

As part of the program evaluation system, the U.S. Institute intends to collect specific information from participants in, and users of, several of its programs and services. Specifically, seven programs and services are the subject of this Federal Notice: (1) Conflict assessment services; (2) ECR and collaborative problem solving mediation services; (3) ECR and collaborative problem solving facilitation services; (4) training services; (5) facilitated meeting services; (6) roster program services; and (7) program support and services. Evaluations will mainly involve administering questionnaires to process participants and professionals, as well as members and users of the National Roster. Responses by members of the public to the Institute's request for information (i.e., questionnaires) will be voluntary.

In 2003, the U.S. Environmental Protection Agency, Conflict Prevention and Resolution Center (CPRC) was granted the approval of the Office of Management and Budget (OMB) to act as a named administrator of the U.S. Institute's currently approved information collections for evaluation. The CPRC and the U.S. Institute will seek approval as part of this proposed collection to continue this evaluation partnership. The U.S. Institute will also request similar status for the Department of Interior, Office of Collaborative Action and Dispute Resolution (CADR). Given that other agencies have approached the U.S. Institute seeking (a) evaluation services and (b) assistance in establishing their own internal evaluation systems, the U.S. Institute will also request OMB approval to continue to administer the evaluation questionnaires on behalf of other agencies. The burden estimates in the ICRs take into consideration the multi-agency usage of the evaluation instruments.

Key Issues

The U.S. Institute would appreciate receiving comments that can be used to:

- i. Evaluate whether the proposed collection of information is necessary for the proper performance of the U.S. Institute, including whether the information will have practical utility;
- ii. Enhance the quality, utility, and clarity of the information to be collected;
- iii. Minimize the burden of the information collection on those who are to respond, including suggestions

concerning use of automated collection techniques or other forms of information technology (e.g., allowing electronic submission of responses).
