

building in Rockville, Maryland to discuss our current process for reviewing information supporting the decommissioning of nuclear facilities and to obtain perspectives from interested stakeholders on the manner in which we are implementing the LTR.

The workshop will be held at the NRC Headquarters, in the Auditorium of Two White Flint North Building at 11545 Rockville Pike, Rockville, Maryland. This workshop will be open to the public and registration will be held from 7:45 to 8:30 a.m. on the first day of the workshop, November 8, 2000, at the entrance of the Auditorium. There will not be pre-registration. The workshop will run from 8:30 a.m. to 4:45 p.m. on both days. Each day will feature presentations from NRC headquarters and regional staff and roundtable discussion on current issues in decommissioning. In addition, we plan to have the workshop transcribed, and the transcripts, and any material presented at the workshop, will be posted on the NRC's Website.

NRC strongly encourages all interested stakeholders to attend and participate in this workshop, as it will offer a unique opportunity to provide the NRC staff and the nuclear power industry with insights, perspectives, and information that stakeholders feel is important for the NRC staff to consider as it seeks ways to improve our decommissioning program.
