

performance computing. Are there activities that should be added to, or removed from, this list? Are there specific requirements that should be associated with any of these activities to ensure their success and maximize their impact?

(8) Management and oversight structure of the stewardship effort:

What do you anticipate will be effective models for management and oversight of the scientific and high-performance-computing software ecosystem, and how would that management structure most-effectively interact with DOE and other stakeholders? In addition to DOE, who are the key stakeholders? How can the management structure coordinate with DOE user facilities and others to provide access to relevant testbed systems and other necessary infrastructure?

(9) Assessment and criteria for success for the stewardship effort:

What kinds of metrics or criteria would be useful in measuring the success of software stewardship efforts in scientific and high-performance computing and its impact on your scientific fields or industries?

(10) Other:

What are key obstacles, impediments, or bottlenecks to progress by, and success of, future development of software for scientific and high-performance computing? Are there other factors, issues, or opportunities, not addressed by the questions above, which should be considered in the context of stewardship of the ecosystem of software for scientific and high-performance computing?

Comments containing references, studies, research, and other empirical data that are not widely published should include copies of the referenced materials. Note that comments will be made publicly available as submitted. Any information that may be confidential and exempt by law from public disclosure should be submitted as described below.

Confidential Business Information: Pursuant to 10 CFR 1004.11, any person submitting information he or she believes to be confidential and exempt by law from public disclosure should submit via email: One copy of the document marked “confidential” including all the information believed to be confidential, and one copy of the document marked “non-confidential” with the information believed to be confidential deleted. DOE will make its own determination about the confidential status of the information and treat it according to its determination. Factors of interest to DOE when evaluating requests to treat

submitted information as confidential include: (1) A description of the items, (2) whether and why such items are customarily treated as confidential within the industry, (3) whether the information is generally known by or available from other sources, (4) whether the information has previously been made available to others without obligation concerning confidentiality, (5) an explanation of the competitive injury to the submitting person which would result from public disclosure, (6) when such information might lose its confidential character due to the passage of time, and (7) why disclosure of the information would be contrary to the public interest.

DEPARTMENT OF ENERGY

Proposed Agency Information Collection Extension

AGENCY: U.S. Department of Energy.

ACTION: Notice and request for comments.

SUMMARY: The Department of Energy (DOE), pursuant to the Paperwork Reduction Act of 1995, intends to extend for three years an information collection request with the Office of Management and Budget (OMB).

DATES: Comments regarding this proposed information collection must be received on or before December 28, 2021. If you anticipate difficulty in submitting comments within that

period, contact the person listed in **ADDRESSES** as soon as possible.

ADDRESSES: Written comments may be sent: (1) By email to *LPO.PaperworkReductionAct.Comments@hq.doe.gov*; or (2) to Knight Elsberry, U.S. Department of Energy, LPO-70, Room 4B-122, 1000 Independence Avenue SW, Washington, DC 20585 with a mandatory copy by email to *LPO.PaperworkReductionAct.Comments@hq.doe.gov*.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Knight Elsberry, *LPO.PaperworkReductionAct.Comments@hq.doe.gov*, (202) 287-6646.

SUPPLEMENTARY INFORMATION: Comments are invited on: (a) Whether the extended collection of information is necessary for the proper performance of the functions of the agency; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

This information collection request contains: (1) *OMB No.:* 1910-5137; (2) *Information Collection Request Title:* Application for Loans under the Advanced Technology Vehicles Manufacturing Incentive Program; (3) *Type of Request:* Extension; (4) *Purpose:* This information collection package covers collection of information necessary to evaluate applications for loans submitted under Section 136 of the Energy Independence and Security Act of 2007, as amended (“EISA”) (42 U.S.C. 17013). Applications for loans submitted to DOE under Section 136 of EISA must contain certain information. This information will be used to analyze whether a project is eligible for a loan and to evaluate the application under criteria specified in the interim final regulations implementing Section 136 of EISA, located at 10 CFR part 611. The collection of this information is critical to ensure that the government has sufficient information to determine whether applicants meet the eligibility requirements to qualify for a DOE loan and to provide DOE with sufficient information to evaluate an applicant's project using the criteria specified in 10 CFR part 611; (5) *Annual Estimated*

Number of Respondents: 40; (6) *Annual Estimated Number of Total Responses:* 40; (7) *Annual Estimated Number of Burden Hours:* 5,300; (8) *Annual Estimated Reporting and Recordkeeping Cost Burden:* \$1,083,000.

Authority: Section 136 of the EISA authorizes the collection of information.

Signing Authority: This document of the Department of Energy was signed on October 25, 2021, by Jigar Shah, Executive Director, Loan Programs Office, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on October 25, 2021.
