Full Text of Announcement**I. Funding Opportunity Description**

Purpose of Program: This program
provides Federal financial assistance to
support the development, enhancement,
or expansion of the capacity of States
and other entities that receive SDFSCA
State Grants funds to collect, analyze,
and use data to improve the
management of drug and violence
prevention programs.

Priorities: These priorities are from
the notice of final priorities and
requirements for this program,
published elsewhere in this issue of the
Federal Register.

Absolute Priority: For FY 2005 and
any subsequent year in which we make
awards based on the list of unfunded
applications from this competition, this
priority is an absolute priority. Under 34
CFR 75.105(c)(3) we consider only
applications that meet this priority.

This priority is: *Developing,
Enhancing, or Expanding the Capacity
of States and Other Entities that Receive
SDFSCA State Grants Funds to Collect,
Analyze, and Use Data to Improve the
Management of Drug and Violence
Prevention Programs.*

This priority supports projects to
develop, enhance, or expand the
capacity of States and other entities that
receive SDFSCA State Grants program
funds to collect, analyze, and use data
to improve the management of drug and
violence prevention programs. At a
minimum, applicants must propose
projects to develop, enhance, or expand
the capacity of the State educational
agency (SEA), the State agency
administering the Governor's funding
under the SDFSCA State Grants
program, and local educational agencies
and community-based organizations
that receive SDFSCA State Grants
program funding.

Specifically, projects must be
designed to:

(a) Include activities designed to
expand the capacity of local recipients
of SDFSCA funds to use data to assess
needs, establish performance measures,
select appropriate interventions,
monitor progress toward established
performance measures, and disseminate
information about youth drug use and
violence to the public;

(b) Collect data that, at a minimum,
meet the requirements of the Uniform
Management Information and Reporting
System (UMIRS) described in section
4112(c)(3) of the ESEA;

(c) Operate with the aid of a
technology-based system for analyzing
and interpreting school crime and
violence data;

(d) Be consistent with the State's
Performance-Based Data Management
Initiative (PBDMI) strategy and produce
data that can be transmitted to the U.S.
Department of Education via the
Department's Education Data Exchange
Network (EDEN) project, which
facilitates the transfer of information
from State administrative records to the
Department to satisfy reporting
requirements for certain programs
administered by the Department,
including the SDFSCA State Grants
program;

(e) Be an enhancement to, or capable
of merging data with, the State's student
information system if such exists or if
the State does not yet have a statewide,
longitudinal student data system, the
project should include the capacity to
merge with such a system in the future; and

(f) Include validation and verification
activities at the State and sub-State
recipient levels designed to ensure the
accuracy of data collected and reported.

Competitive Preference Priority: For
FY 2005 and any subsequent year in
which we make awards based on the list
of unfunded applications from this
competition, this priority is a
competitive preference priority. Under

34 CFR 75.105(c)(2)(i) we award up to
an additional 10 points to an
application, depending on the extent to
which the application meets this
priority.

This priority is: *Use of Uniform Crime
Reporting (UCR) Definitions.*

The collection of incident data for
projects under the absolute priority will
be done in a manner consistent with the
definitions and protocols developed
under the Federal Bureau of
Investigation's UCR program.

Program Authority: 20 U.S.C. 7131.

Applicable Regulations: (a) The
Education Department General
Administrative Regulations (EDGAR) in
34 CFR parts 74, 75, 77, 79, 80, 81, 82,

V. Application Review Information

1. **Selection Criteria:** The selection criteria for this program are in the application package.

VI. Award Administration Information

1. **Award Notices:** If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN). We may also notify you informally.

If your application is not evaluated or not selected for funding, we will notify you.

2. **Administrative and National Policy Requirements:** We identify

administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. **Reporting:** If funded, you are expected to submit an annual performance report, which includes reporting on expenditures, as specified by the Secretary in 34 CFR 75.720. You are also expected to collect data on the key Government Performance and Results Act (GPRA) performance measures for this program and report those data annually to the Department. At the end of your project period, you must submit a final performance report that includes financial and evaluation information, as directed by the Secretary.

4. **Performance Measures:** The Secretary has established the following key performance measures for assessing the effectiveness of Grants to States to Improve Management of Drug and Violence Prevention Program:

a. The proportion of local recipients of SDFSCA State Grants Program funding that are using data related to youth drug and violence to manage youth drug, alcohol, and violence prevention programs by: Incorporating these data in needs assessment processes; using the data to develop performance measures for their SDFSCA program funds; considering the data in selecting schools, and where applicable, community-based interventions for implementation; monitoring the success of interventions in reducing drug and alcohol use and violence and in building stronger communities; and sharing data with their leadership and the public;

b. The proportion of local recipients of SDFSCA State Grants Program funding that have received training about collecting, analyzing, and using data to manage and improve drug and violence prevention programs; and

(c) The proportion of local recipients of SDFSCA State Grants Program funding that submit complete responses to data collections.

These three measures constitute the Department's indicators of success for this program. Consequently, applicants for a grant under this program are advised to give careful consideration to these three measures in conceptualizing the approach and evaluation of their

proposed project. If funded, applicants will be asked to collect and report data in their performance and final reports about progress toward these measures.
