**SUMMARY:** The EPA is proposing to approve the State Implementation Plan (SIP) revision submitted by the North Carolina Department of Environment and Natural Resources, for the purpose of amending regulations relating to ozone, particulate matter, and other miscellaneous rules within the Air Pollution Control Requirements subchapter. If no significant, material, and adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.
