Description

Sometime in the 1950s, human remains representing, at minimum, five individuals were removed from two sites in Yolo County, CA, site CA-YOL-15 (also known as McCants Mound) and site CA-YOL-106 (also known as Jones 1), by students of Sacramento State College (now California State University, Sacramento) under the direction of Dr. Reeves. The collections have been housed at California State University, Sacramento since this excavation. No known individuals were identified. The 520 associated funerary objects removed from these sites include baked clay; faunal remains; flaked and ground stone; historic material; modified bone, stone, and shell; non-cultural objects; pigment; manuports; a geologic sample; and an ash sample. Of this number, 67 objects are currently missing from the collection. California State University, Sacramento continues to look for these 67 missing objects.

Cultural Affiliation

The human remains and associated funerary objects in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: anthropological, archeological, folkloric, geographical, historical, kinship, linguistic, oral, traditional, and expert opinion.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after

consultation with the appropriate Indian Tribes and Native Hawaiian organizations, California State University, Sacramento has determined that:

- The human remains described in this notice represent the physical remains of five individuals of Native American ancestry.
- The 520 objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a relationship of shared group identity that can be reasonably traced between the human remains and associated funerary objects described in this notice and the Cachil DeHe Band of Wintun Indians of the Colusa Indian Community of the Colusa Rancheria, California; Kletsel Dehe Wintun Nation of the Cortina Rancheria (*Previously* listed as Kletsel Dehe Band of Wintun Indians); and the Yocha Dehe Wintun Nation, California.

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains and associated funerary objects in this notice to a requestor may occur on or after April 3, 2023. If competing requests for repatriation are received, California State University, Sacramento must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. California State University, Sacramento is responsible for sending a copy of this notice to the Indian Tribes identified in this notice.
