BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 97

[Docket No. 30645; Amdt. No 3302]

Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final Rule.

SUMMARY: This establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) and associated Takeoff Minimums and Obstacle Departure Procedures for operations at certain airports. These regulatory actions are needed because of the adoption of new

or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, adding new obstacles, or changing air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective January 22, 2009. The compliance date for each SIAP, associated Takeoff Minimums, and ODP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of January 22, 2009.

ADDRESSES: Availability of matters incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800

Independence Avenue, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which the affected airport is located;

3. The National Flight Procedures Office, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or,

4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal-register/code_of_federal-regulations/ibr_locations.html.

Availability—All SIAPs and Takeoff Minimums and ODPs are available online free of charge. Visit <http://www.nfdc.faa.gov> to register. Additionally, individual SIAP and Takeoff Minimums and ODP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

Hodges, Flight Procedure Standards Branch (AFS-420), Flight Technologies and Programs Divisions, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082, Oklahoma City, OK 73125) Telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This rule amends Title 14 of the Code of Federal Regulations, part 97 (14 CFR part 97), by establishing, amending, suspending, or revoking SIAPs, Takeoff Minimums and/or ODPs. The complete regulators description of each SIAP and its associated Takeoff Minimums or ODP for an identified airport is listed on FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR part 51, and 14 CFR part 97.20. The applicable FAA Forms are FAA Forms 8260-3, 8260-4, 8260-5, 8260-15A, and 8260-15B when required by an entry on 8260-15A.

The large number of SIAPs, Takeoff Minimums and ODPs, in addition to their complex nature and the need for a special format make publication in the **Federal Register** expensive and impractical. Furthermore, airmen do not use the regulatory text of the SIAPs, Takeoff Minimums or ODPs, but instead refer to their depiction on charts printed by publishers of aeronautical materials. The advantages of incorporation by reference are realized and publication of the complete description of each SIAP, Takeoff Minimums and ODP listed on FAA forms is unnecessary. This amendment provides the affected CFR sections and specifies the types of SIAPs and the effective dates of the associated Takeoff Minimums and ODPs. This amendment also identifies the airport and its location, the procedure, and the amendment number.

The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP, Takeoff Minimums, and ODP as contained in the transmittal. Some SIAP and Takeoff Minimums and textual ODP amendments may have been issued previously by the FAA in a Flight Data Center (FDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP and Takeoff Minimums and ODP

amendments may require making them effective in less than 30 days. For the remaining SIAPs and Takeoff Minimums and ODPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs and Takeoff Minimums and ODPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs and Takeoff Minimums and ODPs, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs, Takeoff Minimums, and ODPs, and safety in air commerce, I find that notice and public procedures before adopting these SIAPs, Takeoff Minimums, and ODPs are impracticable and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Temporary Exemptions for Eligible Credit Default Swaps To Facilitate Operation of Central Counterparties To Clear and Settle Credit Default Swaps

AGENCY: Securities and Exchange Commission.

ACTION: Interim final temporary rules; request for comments.

SUMMARY: We are adopting interim final temporary rules providing exemptions under the Securities Act of 1933, the Securities Exchange Act of 1934, and the Trust Indenture Act of 1939 for certain credit default swaps to facilitate the operation of one or more central counterparties for those credit default swaps. The interim final temporary rules define such credit default swaps as “eligible credit default swaps” and exempt them from all provisions of the Securities Act, other than the Section 17(a) anti-fraud provisions, as well as from Exchange Act registration requirements and from the provisions of the Trust Indenture Act, provided certain conditions are met. Our interim final temporary rules also define as a “qualified purchaser,” for purposes of the “covered securities” provisions of Section 18 of the Securities Act, any “eligible contract participant,” as defined in Section 1a(12) of the Commodity Exchange Act (“CEA”), other than a person who is an eligible contract participant under Section 1a(12)(C) of the CEA, to whom a sale of a eligible credit default swap is made in reliance on the interim final temporary Securities Act exemption.

DATES: *Effective Date:* The interim final temporary rules are effective January 22, 2009 until September 25, 2009.

Comment Date: Comments on the interim final temporary rules should be received on or before March 23, 2009.

ADDRESSES: Comments may be submitted by any of the following methods:

SUPPLEMENTARY INFORMATION: We are adopting interim final temporary Rule 239T and a temporary amendment to Rule 146 under the Securities Act of 1933 (“Securities Act”).¹ We are also adopting interim final temporary Rule 12a-10T and Rule 12b-1(h)T under the Securities Exchange Act of 1934 (“Exchange Act”)² and interim final

temporary Rule 4d-11T under the Trust Indenture Act of 1939 (“Trust Indenture Act”).³

I. Background

In response to the recent turmoil in the financial markets, we have taken multiple actions to protect investors and ensure the integrity of the nation’s securities markets.⁴ Today we are taking further action designed to address concerns related to the market in credit default swaps (“CDS”). The over-the-counter (“OTC”) market for CDS has been a source of concerns to us and other financial regulators. These concerns include the systemic risk posed by CDS, highlighted by the possible inability of parties to meet their obligations as counterparties and the potential resulting adverse effects on other markets and the financial system.⁵ Recent credit market events have demonstrated the seriousness of these risks in a CDS market operating without meaningful regulation, transparency,⁶ or

³ 15 U.S.C. 77aaa *et seq.*

⁴ A nonexclusive list of the Commission’s actions to stabilize financial markets during this credit crisis include: adopting a package of measures to strengthen investor protections against naked short selling, including rules requiring a hard T+3 close-out, eliminating the options market maker exception of Regulation SHO, and expressly targeting fraud in short selling transactions (*See* Securities Exchange Act Release No. 58572 (September 17, 2008), 73 FR 54875 (September 23, 2008)); issuing an emergency order to enhance protections against naked short selling in the securities of primary dealers, Federal National Mortgage Association (“Fannie Mae”), and Federal Home Loan Mortgage Corporation (“Freddie Mac”) (*See* Securities Exchange Act Release No. 58166 (July 15, 2008), 73 FR 42379 (July 21, 2008)); taking temporary emergency action to ban short selling in financial securities (*See* Securities Exchange Act Release No. 58592 (September 18, 2008), 73 FR 55169 (September 24, 2008)); approving emergency rulemaking to ensure disclosure of short positions by hedge funds and other institutional money managers (*See* Securities Exchange Act Release No. 58591A (September 21, 2008), 73 FR 55557 (September 25, 2008)); proposing rules to strengthen the regulation of credit rating agencies and making the limits and purposes of credit ratings clearer to investors (*See* Securities Exchange Act Release No. 57967 (June 16, 2008), 73 FR 36212 (June 25, 2008)); entering into a Memorandum of Understanding with the Board of Governors of the Federal Reserve System (“FRB”) to make sure key federal financial regulators share information and coordinate regulatory activities in important areas of common interest (*See* Memorandum of Understanding Between the U.S. Securities and Exchange Commission and the Board of Governors of the Federal Reserve System Regarding Coordination and Information Sharing in Areas of Common Regulatory and Supervisory Interest (July 7, 2008), http://www.sec.gov/news/press/2008/2008-134_mou.pdf).

⁵ In addition to the potential systemic risks that CDS pose to financial stability, we are concerned about other potential risks in this market, including operational risks, risks relating to manipulation and fraud, and regulatory arbitrage risks.
