SUPPLEMENTARY INFORMATION: The Coast Guard normally enforces the safety zone in 33 CFR 165.1319 for the Seattle Seafair Air Show Performance held in Lake Washington, Seattle, WA. This event is typically held annually during last week of July and the first 2 weeks of August. This year, the event organizers cancelled Seafair. Therefore, the Coast Guard does not plan to enforce the safety zone in 33 CFR 165.1319 in July or August 2021.

In addition to this notification of non-enforcement in the **Federal Register**, if the situation changes and the Captain of the Port Sector Puget Sound (COTP) determines that the regulated area needs to be enforced, the COTP will issue a Broadcast Notice to Mariners and provide actual notice of enforcement to any persons in the regulated area.

Dated: June 21, 2021.

P.M. Hilbert,

Captain, U.S. Coast Guard, Captain of the Port Sector Puget Sound.

Safety Zone; Upper Potomac River, Washington, DC

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for certain waters of the Upper Potomac River. The safety zone is needed to protect personnel, vessels, and the marine environment on these navigable waters at Washington, DC, on July 4, 2021, (with alternate date of July 5, 2021) from potential hazards during a fireworks display to commemorate the July 4th holiday. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port, Maryland–National Capital Region or a designated representative.

DATES: This rule is effective from 8 p.m. on July 4, 2021, through 11 p.m. on July 5, 2021.

CFR Code of Federal Regulations
COTP Captain of the Port
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that it is impracticable and contrary to the public interest to publish an NPRM because we must take immediate action to establish this safety zone by July 4, 2021, to respond to potential safety hazards associated with the fireworks display. Potential safety hazards include the accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris. Event planners did not notify the Coast Guard of the event until June 17, 2021.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because immediate action is needed to respond to the potential safety hazards associated with the fireworks display.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port, Maryland—National

Capital Region (COTP) has determined that potential hazards associated with the fireworks to be used in this July 4, 2021, display will be a safety concern for anyone near these fireworks discharge sites. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone before, during, and after the scheduled event.

IV. Discussion of the Rule

This rule establishes a temporary safety zone from 8 p.m. on July 4, 2021, to 11 p.m. on July 5, 2021. The safety zone will cover all navigable waters of the Upper Potomac River, including the Tidal Basin, encompassed by a line connecting the following points: Beginning at the shoreline of West Potomac Park at position latitude 38°53′04.2″ N, longitude 077°02′52.7″ W, thence southwest to latitude 38°52′57.1″ N, longitude 077°02′59.9″ W, thence southeast to the northern extent of the George Mason Bridge at latitude 38°52′36.9″ N, longitude 077°02′29.0″ W, thence northeast along the bridge to the shoreline at latitude 38°52′44.1″ N, longitude 077°02′21.8″ W, thence west and north along the shoreline to latitude 38°52′55.6″ N, longitude 077°02′15.0″ W, thence northwest across the Tidal Basin to the shoreline at latitude 38°53′11.3″ N, longitude 077°02′27.9″ W, thence south and west along the shoreline to and terminating at the point of origin located in Washington, DC. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters before, during, and after the scheduled 9:09 to 9:20 p.m. fireworks display. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action” under Executive Order 12866. Accordingly, this rule has not been reviewed by the

Office of Management and Budget (OMB).

This regulatory action determination is based on the location, duration, and time-of-day of the safety zone. Vessel traffic will be able to safely transit around this safety zone, which will impact a small designated area of the Upper Potomac River for 3 hours during the evening when vessel traffic is normally low. Moreover, the Coast Guard will issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting only 3 hours that will prohibit entry within a portion of the Upper Potomac River, including the Tidal Basin. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS

Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
