Transportation Security Administration

Intent To Request Renewal From OMB of One Current Public Collection of Information: Transportation Security Officer (TSO) Medical Questionnaire

AGENCY: Transportation Security Administration (TSA), DHS.

ACTION: 60-Day Renewal Notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), OMB control number 1652-0032, abstracted below, that we will submit to the Office of Management and Budget (OMB) for renewal in compliance with the Paperwork Reduction Act. The ICR describes the nature of the information collection and its expected burden. The collection involves using a questionnaire to collect medical information from candidates for the job of Transportation Security Officer (TSO) to ensure their qualifications to perform TSO duties pursuant to 49 U.S.C 44965. In certain cases, TSO candidates' health care providers may be asked to complete supplemental forms.

DATES: Send your comments by February 28, 2012.

ADDRESSES: Comments may be emailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Office of Information Technology (OIT), TSA-11, Transportation Security Administration, 601 South 12th Street, Arlington, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Joanna Johnson at the above address, or by telephone (571) 227-3651.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information

unless it displays a valid OMB control number. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Number 1652-0032; TSO Medical Questionnaire.

TSA currently collects relevant medical information from Transportation Security Officer (TSO) candidates who successfully complete the steps in the hiring process leading up to the medical portion. This information is used to assess whether the candidates meet the medical qualification standards the agency has established pursuant to 49 U.S.C. 44935. TSA collects this information through a medical questionnaire completed by TSO candidates and, in certain cases, supplemental forms completed by TSO candidates' health care providers. The medical questionnaire and supplemental forms are used to evaluate a candidate's physical and medical qualifications to be a TSO, including visual and aural acuity, and physical coordination and motor skills.

Candidates who disclose certain medical conditions on the medical questionnaire may be asked to have their health care provider complete one or more supplemental forms. These supplemental forms pertain to particular body systems and medical conditions, including cardiac, orthopedic, endocrine, vitals, and others; the type of supplemental form(s) completed by a candidate's health care provider depend(s) on the condition(s) revealed during a candidate's initial medical evaluation and disclosed on the initial medical questionnaire. For example, a candidate who discloses a previous back injury may be required to have his/her health care provider complete a supplemental form to enable the agency to better evaluate whether the candidate can perform the TSO job safely and

efficiently without excessive risk of accident or injury to himself/herself or others. Historical data indicate that approximately 30 percent of candidates reaching the medical evaluation will be required to complete one or more further evaluation forms.

TSA estimates that the potential annual respondent population for this collection of information will be 19,175 candidates and health care providers. This number includes 14,750 candidates and 4,425 health care providers, nationwide. TSA estimates the total annual hour burden as a result of the TSO medical questionnaire and supplemental forms to be 11,677 hours.

Issued in Arlington, Virginia, on December 23, 2011.

Joanna Johnson,

Paperwork Reduction Act Officer, Office of Information Technology.

DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Agency Information Collection Activities: Small Vessel Reporting System

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security.

ACTION: 30-Day notice and request for comments; Establishment of a new collection of information.

SUMMARY: U.S. Customs and Border Protection (CBP) of the Department of Homeland Security will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act: the Small Vessel Reporting System (SVRS). CBP is proposing that the SVRS be established as a new collection of information. This document is published to obtain comments from the public and affected agencies. This proposed information collection was previously published in the **Federal Register** (76 FR 65206) on October 20, 2011, allowing for a 60-day comment period. This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.10.

DATES: Written comments should be received on or before January 30, 2012.

ADDRESSES: Interested persons are invited to submit written comments on this proposed information collection to the Office of Information and Regulatory

Affairs, Office of Management and Budget. Comments should be addressed to the OMB Desk Officer for Customs and Border Protection, Department of Homeland Security, and sent via electronic mail to oir_submission@omb.eop.gov or faxed to (202) 395-5806.

SUPPLEMENTARY INFORMATION: U.S. Customs and Border Protection (CBP) encourages the general public and affected Federal agencies to submit written comments and suggestions on proposed and/or continuing information collection requests pursuant to the Paperwork Reduction Act (Pub. L. 104-13). Your comments should address one of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency/component, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies/components estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collections of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological techniques or other forms of information.

Title: Small Vessel Reporting System.

OMB Number: Will be assigned upon approval.

Form Number: None.

Abstract: CBP proposes to establish a collection of information for the Small Vessel Reporting System (SVRS), which is a pilot program to allow certain participants using small pleasure boats to report their arrival telephonically instead of having to appear in person for inspection by a CBP officer each time they enter the United States. In some cases, a participant may also be asked to report to CBP for an in person inspection upon arrival. Participants may be U.S. citizens, U.S. lawful permanent residents, Canadian citizens, and permanent residents of Canada who are nationals of Visa Waiver Program countries listed in 8 CFR 217.2(a). In addition, participants of one or more trusted traveler pilot or programs and current Canadian Border Boater Landing Permit (CBP Form I-68) holders may also participate in SVRS.

In order to register for the SVRS pilot program, participants enter data via the SVRS Web site which collects
