

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Project No. 14374–000]****American River Power, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications**

On March 20, 2012, American River Power, LLC filed an application for a preliminary permit under section 4(f) of the Federal Power Act proposing to study the feasibility of the Brookville Hydroelectric Water Power Project No. 14374, to be located at the existing Brookville Lake Dam on the Whitewater River, near the town of Brookville in Franklin County, Indiana. The Brookville Lake Dam is owned by the United States government and operated by the United States Army Corps of Engineers.

A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of: (1) One new 60-foot-long by 30-foot-wide by 30-foot-high reinforced concrete powerhouse, containing three 3-megawatt (MW) turbines for a total capacity of 9 MW; (2) a new 220-foot-long by 9-foot-diameter steel penstock; (3) a new 35-foot-long by 35-foot-wide substation; (4) a new 400-foot-long, 12.5 to 34.5-kilovolt transmission line; and (5) appurtenant facilities. The project would have an estimated annual generation of 55 gigawatt-hours.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****[Docket No. CP12–506–000]****Trunkline Gas Company, L.L.C.; Notice of Request Under Blanket Authorization**

Take notice that on August 30, 2012, Trunkline Gas Company, L.L.C. (Trunkline), P.O. Box 4967, Houston, Texas, 77210, filed in Docket No. CP12–506–000, a Prior Notice request pursuant to sections 157.205 and 157.216 of the Commission's Regulations under the Natural Gas Act for authorization to abandon Trunkline's existing compressor unit located in Jackson County, Texas. Specifically, Trunkline propose to abandon, in place, the existing 1,675 horsepower compressor unit and related auxiliary equipment at the Edna Compressor Station. Due to the construction of the Eagle Plant Interconnect and its delivery pressure, Trunkline has determined that the compression at the Edna Compressor Station will no longer be needed. Trunkline has not operated the Edna Compressor Station during the last twelve months and no service to existing customers will be impacted, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The

filing may also be viewed on the web at <http://www.ferc.gov> using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208–3676 or TTY, (202) 502–8659.

Any questions regarding this Application should be directed to Stephen T. Veatch, Senior Director of Certificates and Tariffs, Trunkline Gas Company, L.L.C., 5051 Westheimer Road, Houston, Texas 77056, or call (713) 989–2024, or fax (713) 989–1176, or by email: Stephen.veatch@sug.com.

Any person may, within 60 days after the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention. Any person filing to intervene or the Commission's staff may, pursuant to section 157.205 of the Commission's Regulations under the NGA (18 CFR 157.205) file a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenter's will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenter's will not be required to serve copies of filed documents on all other parties. However, the non-party commentary, will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (www.ferc.gov) under the “e-Filing” link.
