Summary of the Order

1. On July 14, 2000, the United States Coast Guard (USCG) requested that the time for filing comments in response to the *Notice of Proposed Rule Making* (NPRM), 65 FR 21695, April 24, 2000, in the above-captioned proceeding released by the Commission on March 24, 2000, be extended forty-five days, from July 24, 2000, to September 7, 2000.

2. The USCG notes that the NPRM asked commenters to review part 80 of the Commission's Rules and identify any rules that were obsolete,

unnecessary, or duplicative. The USCG states that it needs additional time to propose many routine regulation updates and deletions as it has not been possible to complete a comprehensive review of part 80 regulations in the time provided. Further, the USCG states that it and other groups will be proposing to incorporate several International Maritime Organization (IMO) and International Telecommunications Union (ITU) regulation changes.

3. The Commission does not routinely grant extensions of time. In this instance, however, it is desirable that the record be as complete as possible and that it include the views of as large a cross section of the maritime radio community as possible. This interest must be balanced, however, against the fact that certain rules applicable to past safety systems have become obsolete or redundant, and it is necessary to implement previous changes in IMO and ITU regulations or standards. Moreover, we note that the original comment period, of ninety days after the NPRM was published in the **Federal Register**, was substantial. After considering all of these circumstances, we believe an extension of thirty days is warranted and would provide interested parties sufficient time to respond to the NPRM in the above-captioned proceeding. We therefore extend the period of time for filing comments to and including August 23, 2000, and we extend the period for filing reply comments to and including September 21, 2000.

4. Pursuant to Section 1.46 of the Commission's Rules, the USCG's request to extend the deadline for filing comments, filed July 14, 2000, is granted in part and denied in part to the extent indicated.

5. This action is taken by delegated authority pursuant to Sections 0.131 and 0.331 of the Commission's Rules.

Federal Communications Commission.

Magalie Roman Salas,

Secretary.
