

remediation where the concentration of uranium in groundwater exceeds the NRC criterion in License Condition 27.b. for unrestricted release. In addition, this amendment also revises the license to authorize the possession of Technetium-99 (TC-99) as a contaminant in groundwater, and to distinguish between the possession limit for “in-process” Uranium-235 (U-235) and U-235 in packaged waste that complies with fissile exemption criteria. The license amendment also clarifies the authorized place of use to include subsurface areas where the groundwater exceeds the NRC criterion, and areas where such licensed material will be transported or managed.

After receiving the application, the NRC published a notice of opportunity to request a hearing and to petition for leave to intervene, and in accordance with section 20.1405 of title 10 of the *Code of Federal Regulations* (10 CFR), requested comments (88 FR 33932). No comments or request for a hearing were submitted. Prior to issuing the amendment (ADAMS Package Accession No. ML24339A701), the NRC performed a review of the application with the determination documented in the Safety Evaluation Report (SER) (ADAMS Accession No. ML24264A155). The NRC also issued an environmental review of the application and published a **Federal Register** notice of the Environmental Assessment and Finding of No Significant Impact (89 FR 103880).

Upon completing its review of the application, the staff determined the request complies with the standards and requirements of the Atomic Energy Act of 1954, as amended, as well as the NRC’s rules and regulations. The NRC approved and issued Amendment 22 to SNM-928, held by CERT to incorporate the DP, Revision 3, into the CERT license. Pursuant to 10 CFR 2.106(a)(1), the NRC is providing notice of the action taken. Amendment 22 was effective as of the date of issuance, December 22, 2024.

I. Introduction

Each year the Postal Service must submit to the Commission its most recent annual performance plan and annual performance report.¹ On December 30, 2024, the Postal Service filed its FY 2024 *Annual Report to Congress* in Docket No. ACR2024.² The FY 2024 *Annual Report* consists of four reports that include the Postal Service's FY 2024 annual performance report (FY 2024 Report) and FY 2025 annual performance plan (FY 2025 Plan).³

The FY 2025 Plan reviews the Postal Service's plans for FY 2025. The FY 2024 Report discusses the Postal Service's progress during FY 2024 toward its four performance goals:

- High-Quality Service
- Excellent Customer Experience
- Safe Workplace and Engaged Workforce
- Financial Health

Each year, the Commission must evaluate whether the Postal Service met the performance goals established in the annual performance plan and annual performance report. 39 U.S.C. 3653(d). The Commission may also “provide recommendations to the Postal Service related to the protection or promotion of public policy objectives set out in” Title 39. *Id.*

Since Docket No. ACR2013, the Commission has evaluated whether the Postal Service met its performance goals in reports separate from the *Annual Compliance Determination*.⁴ The

Commission continues this current practice to provide a more in-depth analysis of the Postal Service's progress toward meeting its performance goals and plans to improve performance in future years. To facilitate this review, the Commission invites public comment on the following issues:

- Did the Postal Service meet its performance goals in FY 2024?
- Do the FY 2024 Report and the FY 2025 Plan meet applicable statutory requirements, including 39 U.S.C. 2803 and 2804?
- What recommendations should the Commission provide to the Postal Service that relate to protecting or promoting public policy objectives in Title 39?
- For the Excellent Customer Experience performance goal, are there any customer experience (CX) metrics the Postal Service should add to measure CX?⁵
- What recommendations or observations should the Commission make concerning the Postal Service's strategic initiatives?⁶
- What other matters are relevant to the Commission's analysis of the FY 2024 Report and the FY 2025 Plan under 39 U.S.C. 3653(d)?
