

IV. Other Information

a. Grant Award Determination

Selection of an organization under this FFO does not constitute approval of a grant for the proposed project as submitted. Before any funds are awarded, OEA may enter into negotiations about such items as program components, staffing and funding levels, and administrative systems in place to support implementation of the award. The amount of available funding may require the final award amount to be less than that originally requested by the respondent. If the negotiations do not result in a mutually acceptable submission, OEA reserves the right to terminate the negotiations and decline to fund an application. OEA further reserves the right not to fund any proposal received under this FFO.

In the event OEA approves an amount that is less than the amount requested, the respondent will be required to modify its grant application to conform to the reduced amount before execution of the grant agreement. OEA reserves the right to reduce or withdraw the award if acceptable modifications are not submitted by the respondent within 15 working days from the date the request for modification is made. Any modifications must be within the scope of the original application and approved by both the Grantee and OEA. OEA reserves the right to cancel any award for non-performance.

b. No Obligation for Future Funding

Amendment or renewal of an award to increase funding or to extend the period of performance is at the discretion of OEA.

c. Intellectual Property Rights

In the event of a grant award, the Grantee may copyright any work that is subject to copyright and was developed, or for which ownership was purchased, under an award. The Federal awarding agencies reserve a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so. Such uses include, but are not limited to, the right to modify and distribute such products worldwide by any means, electronically or otherwise. The Grantee may not use Federal funds to pay any royalty or license fee for use of a copyrighted work, or the cost of acquiring by purchase a copyright in a work, where the Department has a license or rights of free use in such work. If revenues are generated through selling products developed with grant funds, including

intellectual property, these revenues are program income and shall be added to the grant and must be expended for allowable grant activities.
