SUPPLEMENTARY INFORMATION:

I. Abstract

The economic census, conducted under authority of Title 13, United States Code (USC), is the primary source of facts about the structure and functioning of the Nation's economy. Economic statistics serve as part of the framework for the national accounts and provide essential information for government, business, and the general public. Economic data are the Census Bureau's primary program commitment during nondecennial census years. The 2012 Economic Census covering the Retail Trade and Accommodation and Food Services sectors (as defined by the North American Industry Classification System (NAICS)) will measure the economic activity of more than 1.7 million establishments. The information collected will produce basic statistics by kind of business on the number of establishments, sales, payroll, and employment. It will also yield a variety of subject statistics, including sales by product line, sales by class of customer, and other industry-specific measures. Primary strategies for reducing burden in Census Bureau economic data collections are to increase reporting through standardized questionnaires and broader electronic data collection methods.

II. Method of Collection

Mail Selection Procedures

Establishments in the Retail Trade and Accommodation and Food Services sectors of the economic census will be selected from the Census Bureau's Business Register for a mail canvass. To be eligible for selection, an establishment will be required to satisfy
