Foreign-Trade Zones Board

[Docket T-6-2011]

Foreign-Trade Zone 7—Mayaguez, PR; Application for Temporary/Interim Manufacturing Authority; Baxter Healthcare of PR (Pharmaceutical and Nutritional Intravenous Bags and Administration Sets); Aibonito and Jayuya, PR

An application has been submitted to the Executive Secretary of the Foreign-Trade Zones Board (the Board) by the Puerto Rico Industrial Development Company, grantee of FTZ 7, requesting temporary/interim manufacturing (T/IM) authority at two sites within FTZ 7 at the Baxter Healthcare of Puerto Rico (Baxter) facilities, located in Aibonito and Jayuya, Puerto Rico. The application was filed on December 6, 2011.

The Baxter facilities (200 million unit capacity) are used for the manufacture of pharmaceutical and nutritional intravenous (I.V.) bags and related components. Under T/IM procedures, Baxter has requested authority to produce filled pharmaceutical and nutritional I.V. bags (HTSUS 3004.20, 3004.40, 3004.50, 3004.90—duty rate: free) and I.V. administration sets and their components (HTSUS 9018.90—duty rate: free). Foreign materials that would be used in production (representing 9% of the value of the finished product) include: Foil pouches (HTSUS 3923.29), ABS resin (HTSUS 3903.30), L-tryptophan (HTSUS 2933.99), glutamic acid (HTSUS 2922.42), N-Acetyl-L-Tyrosine (HTSUS 2924.29) and L-Lysine-Acetate (HTSUS 2922.41) (duty rates range: 3–6.5%). T/

IM authority could be granted for a period of up to two years.

FTZ procedures could exempt Baxter from customs duty payments on the foreign components used in export production. The company anticipates that some 22 percent of the facilities' shipments of I.V. administration sets and components will be exported. On its domestic sales, Baxter would be able to choose the duty rate during customs entry procedures that applies to filled I.V. products and administration sets (duty rate: free) for the foreign inputs noted above. Baxter could also be exempt from duty payments on foreign materials that become scrap or waste during the production process.

In accordance with the Board's regulations, Diane Finver of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations pursuant to Board Orders 1347 and 1480.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the following address: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 2111, 1401 Constitution Ave. NW., Washington, DC 20230. The closing period for their receipt is January 12, 2012.

Baxter has also submitted a request to the FTZ Board for FTZ manufacturing authority beyond a two-year period. It should be noted that the request for extended authority is being docketed separately and will be processed as a distinct proceeding. Any party wishing to submit comments for consideration regarding the request for extended authority would need to submit such comments pursuant to the separate notice that will be published for that request.

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the address listed above, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>. For further information, contact Diane Finver at Diane.Finver@trade.gov, (202) 482-1367.

Dated: December 6, 2011.

Andrew McGilvray,

Executive Secretary.

Frontseating Service Valves From the People's Republic of China: Extension of Time for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* December 13, 2011.

FOR FURTHER INFORMATION CONTACT:

Laurel LaCivita or Brooke Kennedy, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; *telephone:* (202) 482-4243 or (202) 482-3818, respectively.

SUPPLEMENTARY INFORMATION:

Background

On May 27, 2011, the Department of Commerce ("the Department") published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on frontseating service valves for Zhejiang Sanhua Co., Ltd. and Zhejiang DunAn Hetian Metal Co., Ltd. for the period April 1, 2010, through March 31, 2011. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 76 FR 30912 (May 27, 2011). The preliminary results of review are currently due no later than December 31, 2011.

Extension of Time Limit of Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable because the Department requires additional time to analyze information pertaining to the respondents' sales practices, factors of production, as well as issue and review responses to

supplemental questionnaires. Therefore, we require additional time to complete these preliminary results. As a result, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completion of the preliminary results of this review by 90 days until March 30, 2012.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: December 6, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Circular Welded Carbon Steel Pipes and Tubes From Taiwan: Notice of Rescission of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from United States Steel Corporation, an interested party, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on circular welded carbon steel pipes and tubes from Taiwan. The period of review is May 1, 2010, through April 30, 2011. Based on the withdrawal of request for review submitted by United States Steel Corporation (the Petitioner), we are now rescinding this administrative review.

DATES: *Effective Date:* December 13, 2011.

FOR FURTHER INFORMATION CONTACT:

Steve Bezirgianian or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington DC 20230; telephone: (202) 482-1131 or (202) 482-0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On June 28, 2011, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on circular welded carbon steel pipes and tubes from Taiwan covering the period May 1, 2010, through April 30, 2011. *See Initiation of Antidumping and Countervailing Duty Administrative*

Reviews and Request for Revocation in Part, 76 FR 37781 (June 28, 2011). The review covered eight companies. The Petitioner was the sole party to request reviews of these eight companies.

On August 8, 2011, the Petitioner withdrew its request for an administrative review for the following six companies: (1) E United Group; (2) Yieh Corp.; (3) Yieh Hsing Enterprise Co., Ltd.; (4) Far East Machinery Co. Ltd.; (5) Kao Hsing Chang Iron & Steel Corp. (also known as Kao Hsiung Chang Iron & Steel Corp.); and (6) Tension Steel Industries Co. Ltd. The Department rescinded the review with respect to these companies. *See Circular Welded Carbon Steel Pipes and Tubes From Taiwan: Notice of Partial Rescission of Antidumping Duty Administrative Review*, 76 FR 57020 (September 15, 2011).

On November 4, 2011, the Petitioner withdrew its request for an administrative review for the remaining two companies (i.e., Yieh Phui Enterprise Co., Ltd. and Chung Hung Steel Corporation).

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1) of the Department's regulations, the Department will rescind an administrative review if the party that requested the review withdraws its request for review within 90 days of the publication of the notice of initiation of the requested review, or withdraws at a later date if the Department determines it is reasonable to extend the time limit for withdrawing the request. Therefore, although Petitioner withdrew its request after the 90-day deadline, the Department has the discretion to extend this time limit. Consistent with the Department's practice, we find it reasonable to extend the withdrawal deadline and to rescind the review with respect to Yieh Phui Enterprise Co., Ltd. and Chung Hung Steel Corporation because the Department has not devoted significant time or resources to the review and Petitioner is the only party to request a review. *See, e.g., Welded Large Diameter Line Pipe From Japan: Notice of Rescission of Antidumping Duty Administrative Review*, 75 FR 38989, 38990 (July 7, 2010); *see also Persulfates from the People's Republic of China: Notice of Rescission of Antidumping Duty Administrative Review*, 71 FR 13810, 13811 (March 17, 2006).

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For Yieh Phui

Enterprise Co., Ltd. and Chung Hung Steel Corporation, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice.

Notifications

This notice serves as a final reminder to importers for whom this review is being rescinded of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: December 7, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
