### Public Water System Supervision Program Revisions for the State of Wisconsin

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of tentative approval.

**SUMMARY:** Notice is hereby given that the State of Wisconsin is revising its approved Public Water System Supervision Program. Wisconsin has:

Revised its definition of "public water system"; revised its administrative penalty authority for public water systems; adopted the Consumer Confidence Report Rule for all community water systems; adopted the Interim Enhanced Surface Water Treatment Rule, which will help improve control of microbial pathogens in drinking water; and adopted the Stage 1 Disinfectants and Disinfection Byproducts Rule, which will set new requirements to limit the formation of chemical disinfection byproducts in drinking water.

EPA has determined that these revisions are no less stringent than the corresponding federal regulations. Therefore, EPA intends to approve these program revisions.

Any request for a public hearing shall include the following information:

The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; a brief statement of the requesting person's interest in the Acting Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such hearing; and the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.
