Steel Wire Garment Hangers From the People's Republic of China: Final Results of Antidumping Duty Administrative Review; 2018–2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) continues to find that

Shanghai Wells Hanger Co., Ltd., and Hong Kong Wells Ltd. (collectively, Shanghai Wells) failed to demonstrate eligibility for separate rate status during the period of review (POR), and therefore is part of the China-wide entity. The POR is October 1, 2018 through September 30, 2019.

DATES: Applicable August 11, 2020.

FOR FURTHER INFORMATION CONTACT:

Jasun Moy, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–8194.

SUPPLEMENTARY INFORMATION:

Background

On May 15, 2020, Commerce published the *Preliminary Results* of the administrative review of the antidumping duty (AD) order on steel wire garment hangers from the People's Republic of China (China).¹ We invited interested parties to comment on the *Preliminary Results*. We received no comments from interested parties.² As such, these final results are unchanged from the *Preliminary Results*.

Scope of the Order

The merchandise that is subject to the order is steel wire garment hangers, fabricated from carbon steel wire, whether or not galvanized or painted, whether or not coated with latex or epoxy or similar gripping materials, and/or whether or not fashioned with paper covers or capes (with or without printing) and/or nonslip features such as saddles or tubes. These products may also be referred to by a commercial designation, such as shirt, suit, strut, caped, or latex (industrial) hangers. Specifically excluded from the scope of the order are wooden, plastic, and other garment hangers that are not made of steel wire. Also excluded from the scope of the order are chrome-plated steel wire garment hangers with a diameter of 3.4 mm or greater. The products subject to the order are currently classified under Harmonized Tariff Schedule U.S. (HTSUS) subheadings 7326.20.0020, 7323.99.9060, and 7323.99.9080. Although the HTSUS subheadings are

provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Methodology

Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). As noted in the *Preliminary Results*, Shanghai Wells did not respond to the issued standard non-market economy (NME) questionnaire and has filed no submissions on the record of this administrative review, including information concerning its eligibility for a separate rate.³ Therefore, Commerce preliminarily determined that Shanghai Wells is not eligible for a separate rate and is part of the China-wide entity.

As noted above, we received no comments on the *Preliminary Results*. Therefore, we have made no changes to the *Preliminary Results*. Because there are no changes for these final results from the *Preliminary Results*, there is no accompanying Issues and Decision Memorandum.

Final Results of the Review

We continue to find that Shanghai Wells is not eligible for a separate rate, and, therefore, it is part of the China-wide entity. The rate previously established for the China-wide entity is 187.25 percent⁴ and is not subject to change as a result of this review, because no party requested a review of the China-wide entity.⁵

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review in the **Federal Register**.

We will instruct CBP to assess antidumping duties at a rate of 187.25 percent for all entries of subject merchandise during the POR which was exported by Shanghai Wells.

² On June 3, 2020, M&B Metal Products Co., Inc. (the petitioner) submitted a case brief in which it stated that "Petitioner has no comments on the Department's *Preliminary Results*."
