

for managing the approximate 1000 acres of offshore rocks, small islands, exposed reefs, and pinnacles that comprise the California Coastal National Monument (the Monument). The Monument was established by Presidential Proclamation on January 11, 2000, under the authority of the Antiquities Act of 1906, and directed the Secretary of the Interior to manage the Monument through the BLM. The Monument lies within the jurisdiction of 15 California counties and five BLM field offices, and at least 25 percent of the coastal portion of the mainland adjacent to the Monument is contained within the California State Parks System. Planning for the Monument officially began with a Federal Register notice on April 24, 2002 initiating scoping. The California Department of Fish and Game, the California Department of Parks and Recreation, the United States Air Force, and the Cheroke Heights Indian Community of the Trinidad Rancheria, a federally recognized tribe, are cooperating agencies in the development of this RMP. BLM has sought public and governmental participation in the development of this RMP and will continue to pursue partnerships in the management of the Monument. Because of the unique nature of the Monument, many governmental entities have jurisdiction over resources immediately adjacent to it and are integrally important to meeting the goals and objectives for the Monument, as established in the RMP.

Copies of the California Coastal National Monument Proposed RMP and Final EIS have been sent to affected Federal, State, and Local Government agencies and to interested parties. Copies of the Proposed RMP/Final EIS are available for public inspection at:

coastal monument. Comments on the Draft RMP/Draft EIS received from the public are addressed in the Proposed RMP/Final EIS. Public comments resulted in the addition of clarifying text, but did not significantly change the proposed land use decisions. Instructions for filing a protest with the Director of the BLM regarding the Proposed RMP/Final EIS may be found at 43 CFR 1610.5. A protest may only raise those issues which were submitted for the record during the planning process. E-mail and faxed protests will not be accepted as valid protests unless the protesting party also provides the original letter by either regular or overnight mail postmarked by the close of the protest period. Under these conditions, the BLM will consider the e-mail or faxed protest as an advance copy and it will receive full consideration. If you wish to provide the BLM with such advance notification, please direct faxed protests to the attention of the BLM protest coordinator at (202) 452-5112, and e-mails to Brenda_Hudgens-Williams@blm.gov. Please direct the follow-up letter to the appropriate address provided below. The protest must contain:

- a. The name, mailing address, telephone number, and interest of the person filing the protest.
- b. A statement of the part or parts of the plan and the issue or issues being protested.
- c. A copy of all documents addressing the issue(s) that the protesting party submitted during the planning process or a statement of the date they were discussed for the record.
- d. A concise statement explaining why the protestor believes the State Director's decision is wrong.

All protests must be in writing and mailed to the following address:

Regular Mail: Director (210), Attention: Brenda Williams, P.O. Box 66538, Washington, DC 20035.

Overnight Mail: Director (210) Attention: Brenda Williams, 1620 L Street, NW., Suite 1075, Washington, DC 20036.
