

Owners for material handling. PCR states that the Owners seek to retain a rail carrier to take over the onsite rail operation and to serve any future tenants of the Park. According to PCR, the Owners have leased the Line and the land in the Park to PCR to start service when this exemption becomes effective.

PCR certifies that, as a result of the proposed transaction, its projected revenue will not exceed that of a Class III carrier and will not exceed \$5 million annually. PCR states that the proposed transaction does not contain any limit on future interchange with third-party connecting carriers.

The proposed transaction may be consummated on or after November 9, 2019, the effective date for the exemption (30 days after the verified notice was filed).¹

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than November 1, 2019 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36361, must be filed with Surface Transportation Board either via e-filing or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on PCR's representative, John F. McHugh, 233 Broadway, Suite 2320, New York, NY 10279.

According to PCR, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic reporting requirements under 49 CFR 1105.8(b).

Board decisions and notices are available at www.stb.gov.

Decided: October 22, 2019.

Notice of Request To Release Property at Charlotte Douglas International Airport, Charlotte, NC (CLT)

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration is requesting public comment on a request by City of Charlotte, to release of land (176.113 acres) at Charlotte Douglas International Airport from federal obligations.

DATES: Comments must be received on or before November 25, 2019.

ADDRESSES: Comments on this notice may be mailed or delivered in triplicate to the FAA at the following address: FAA/Memphis Airports District Office, Attn: Duane Johnson, Team Lead Civil Engineer, 2600 Thousand Oaks Boulevard, Suite 2250, Memphis, TN 38118.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to Mr. Brent Cagle, Aviation Director, Charlotte Douglas International Airport at the following address: 5601 Wilkinson Blvd., Charlotte, NC 28208.

FOR FURTHER INFORMATION CONTACT: Duane Johnson, Team Lead Civil Engineer, Federal Aviation Administration, Memphis Airports District Office, 2600, Thousand Oaks Boulevard, Suite 2250, Memphis, TN 38118-2482. The application may be reviewed in person at this same location, by appointment.

SUPPLEMENTARY INFORMATION: The FAA proposes to rule and invites public comment on the request to release property for disposal at Charlotte Douglas International Airport, 5601 Wilkinson Blvd., Charlotte, NC 28208, under the provisions of 49 U.S.C. 47107(h)(2). The FAA determined that the request to release property at Charlotte Douglas International Airport (CLT) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release of these properties does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this notice.

The request consists of the following:

The City of Charlotte is proposing the release of airport property totaling 176.113 acres, more or less. This land is to be used by the Norfolk Southern Railway Company (NSRC) for the

operation of an Intermodal Rail Facility (150.975 acres fee simple) and (25.138 acres easement). The property is currently being used for the same non-aeronautical purpose under a long term lease approved by the FAA on April 13, 2010. The release of land is necessary to comply with FAA Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the land at Charlotte Douglas International Airport (CLT) being changed permanently from aeronautical to non-aeronautical use and releases the lands from the conditions of the Airport Improvement Program (AIP) Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in FAA approved eligible AIP projects for aviation facilities at Charlotte Douglas International Airport (CLT). The proposed use of this property is compatible with airport operations. The property is located on Charlotte Douglas International Airport, bordered on the west by Runway 18R-36L, bordered on the east by Runway 18C-36C, bordered on the north by Taxiway N, and by West Boulevard to the south.

This request will release this property from federal obligations. This action is taken under the provisions of 49 U.S.C. 47107(h)(2).

Any person may inspect the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**.

In addition, any person may, upon request, inspect the request, notice and other documents germane to the request in person at the Charlotte Douglas International Airport.

Issued in Memphis, Tennessee, on October 18, 2019.

Tommy L. Dupree,

Acting Manager, Memphis Airports District Office, Southern Region.
