Abstract of Information Available

Based on the information available, two associated funerary objects were removed from the Clement 1 site (34MC8) in McCurtain County, OK. This site was excavated by the Works Progress Administration (WPA) in 1941, and the associated finds were transferred to SNOMNH that same year. The two associated funerary objects are one lot of decorated ceramic vessels and one lot of undecorated ceramic vessels. These associated funerary objects were likely interred around 1200-1500 CE. Cultural affiliation was established through Tribal Consultation, and is supported by archaeological, oral traditional, and post-contact historical information. This list of objects is an

addition to the group of associated funerary objects previously identified in a Notice of Inventory Completion published in the **Federal Register** on September 13, 2021 (86 FR 50901). To our knowledge, no potentially hazardous substances were used to treat any of the associated funerary objects.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is clearly identified by the information available about the associated funerary objects described in this notice.

Determinations

SNOMNH has determined that:

- The two objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the associated funerary objects described in this notice and the Caddo Nation of Oklahoma.

Repatriation of the associated funerary objects described in this notice to a requestor may occur on or after August 28, 2025. If competing requests for repatriation are received, SNOMNH must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the associated funerary objects are considered a single request and not competing requests. SNOMNH is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1394]

Certain Liquid Coolers for Electronic Components in Computers, Components Thereof, Devices for Controlling Same, and Products Containing Same; Notice of a Commission Determination Finding a Violation of Section 337; Issuance of a Limited Exclusion Order and a Cease and Desist Order; Termination of the Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission (“Commission”) has determined to affirm, with supplementary findings, the final initial determination (“ID”) of the presiding administrative law judge (“ALJ”) finding a violation of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337. The Commission has determined to issue a limited exclusion order prohibiting further importation of infringing products by the respondents and a cease and desist order as to one respondent.

FOR FURTHER INFORMATION CONTACT: Edward S. Jou, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–3316. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on March 21, 2024, based on a

complaint filed on behalf of Cooler Master Co., Ltd. of Taiwan; CMI USA, Inc. of Claremont, California; and CMC Great USA, Inc. of San Jose, California (collectively, “Complainants”). 89 FR 20247–48 (Mar. 21, 2024). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain liquid coolers for electronic components in computers, components thereof, devices for controlling same, and products containing same by reason of infringement of claims 1–3 and 14 of U.S. Patent No. 10,509,446 (“the ‘446 patent”); claims 1–4 of U.S. Patent No. 11,061,450 (“the ‘450 patent”); and the claim of U.S. Patent No. D856,941 (“the ‘941 design patent”). *Id.* The complaint further alleges that a domestic industry exists. *Id.* The Commission’s notice of investigation named as respondents SilverStone Technology Co., Ltd. of Taiwan; SilverStone Technology, Inc. of Chino, California; Enermax Technology Corp. of Taiwan; Enermax USA of Chino, California; Shenzhen Apaltek Co., Ltd. of China; and Guangdong Apaltek Liquid Cooling Technology Co., Ltd. of China (collectively, “Respondents”). *Id.* The Office of Unfair Import Investigations is not participating in the investigation. *Id.*

The ‘941 design patent was terminated from the investigation by withdrawal of the complaint. Order No. 7 (Sept. 6, 2024), *unreviewed by* Comm’n Notice (Sept. 30, 2024).

A claim construction hearing was held on July 19, 2024, and a claim construction order issued on November 20, 2024. Order No. 10 (Nov. 20, 2024). An evidentiary hearing was held on December 2–5, 2024.

On March 21, 2025, the ALJ issued a final initial determination (“ID”) finding a violation of section 337 based on infringement of claims 1–3 and 14 of the ‘446 patent and claims 1–4 of the ‘450 patent. The ID included a recommended determination (“RD”) on remedy and bonding that recommended issuance of a limited exclusion order directed to the Respondents and a cease and desist order directed to one respondent. *See* ID at 142–43.

On May 22, 2025, the Commission determined to review the ID in part. 90 FR 22755–56. The Commission solicited briefing from the parties regarding certain issues under review. *Id.* The

parties filed initial submissions on June 4 and June 5, 2025, and the parties filed reply submissions on June 12, 2025.^{1 2}

Having reviewed the record of the investigation, including the ALJ’s findings and the parties’ submissions, the Commission has determined to affirm the ID’s finding of a violation of section 337 and to supplement the ID with additional findings regarding the “defining a heat exchange chamber” claim limitation and the economic prong of the domestic industry requirement.

The Commission has determined that the appropriate remedy is to issue a limited exclusion order prohibiting further importation of infringing products by the Respondents and a cease and desist order against Respondent SilverStone Technology, Inc.³ The Commission has determined that the public interest factors do not counsel against issuing remedial orders. The Commission has determined that bond should be set in the amount of zero percent (0%) of entered value (*i.e.*, no bond).

The Commission vote for this determination took place on July 24, 2025.

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: July 24, 2025.

Susan Orndoff,

Supervisory Attorney.
