

PART 180—TOLERANCES AND EXEMPTIONS FOR PESTICIDE CHEMICAL RESIDUES IN FOOD

■ 1. The authority citation for part 180 continues to read as follows:

Authority: 21 U.S.C. 321(q), 346a and 371.

■ 2. Section 180.613(a)(1) is amended in the table by:

- a. Adding a table heading;
- b. Revising the entry for “Alfalfa, hay”; and
- c. Adding the commodity “Small fruit vine climbing (except fuzzy kiwifruit), subgroup 13–07F” in alphabetical order.

The additions and revision read as follows:

§ 180.613 Flonicamid; tolerances for residues.

BILLING CODE 6560–50–P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MB Docket No. 22–78; RM–11918; DA 22–516; FR ID 87343]

Television Broadcasting Services Wichita, Kansas

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: On February 23, 2022, the Media Bureau, Video Division (Bureau) issued a *Notice of Proposed Rulemaking (NPRM)* in response to a petition for rulemaking filed by Gray Television Licensee, LLC (Petitioner), the licensee of KSCW–DT (Station), channel 12, Wichita, Kansas, requesting the substitution of channel 28 for channel 12 at Wichita in the Table of Allotments. For the reasons set forth in the *Report and Order* referenced below,

the Bureau amends Federal Communications Commission (FCC or Commission) regulations to substitute channel 28 for channel 12 at Wichita.

DATES: Effective May 19, 2022.

FOR FURTHER INFORMATION CONTACT:

Joyce Bernstein, Media Bureau, at (202) 418–1647 or Joyce.Bernstein@fcc.gov.

SUPPLEMENTARY INFORMATION: The proposed rule was published at 87 FR 12641 on March 7, 2022. The Petitioner filed comments in support of the petition reaffirming its commitment to apply for channel 28. No other comments were filed.

According to the Petitioner, the channel change will resolve significant over-the-air reception problems in the Station’s existing service area. The Petitioner further states that the Commission has recognized the deleterious effects manmade noise has on the reception of digital very high frequency (VHF) signals, and that the propagation characteristics of these channels allow undesired signals and noise to be receivable at relatively farther distances compared to ultra high frequency (UHF) channels and nearby electrical devices can cause interference. Although the proposed channel 28 noise limited contour will fall slightly short of the licensed channel 12 noise limited contour, a terrain-limited analysis using the Commission’s *TVStudy* software demonstrates that there is no predicted loss in population served.

This is a synopsis of the Commission’s *Report and Order*, MB Docket No. 22–78; RM–11918; DA 22–516, adopted May 11, 2022, and released May 11, 2022. The full text of this document is available for download at <https://www.fcc.gov/edocs>. To request materials in accessible formats for people with disabilities (braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at 202–418–0530 (voice), 202–418–0432 (tty).

This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104–13. In addition, therefore, it does not contain any proposed information collection burden “for small business concerns with fewer than 25 employees,” pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, *see* 44 U.S.C. 3506(c)(4). Provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, do not apply to this proceeding.

The Commission will send a copy of the *Report and Order* in a report to be sent to Congress and the Government

Accountability Office pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A).

[MB Docket No. 22–112; RM–11919; DA 22–524; FR ID 87344]

Television Broadcasting Services Weston, West Virginia

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: On March 9, 2022, the Media Bureau, Video Division (Bureau) issued a *Notice of Proposed Rulemaking (NPRM)* in response to a petition for rulemaking filed by Gray Television Licensee, LLC (Petitioner), the licensee of WDTV (Station), channel 5, Weston,

West Virginia, requesting the substitution of channel 33 for channel 5 at Weston in the Table of Allotments. For the reasons set forth in the *Report and Order* referenced below, the Bureau amends Federal Communications Commission (FCC or Commission) regulations to substitute channel 33 for channel 5 at Weston.

DATES: Effective May 19, 2022.

FOR FURTHER INFORMATION CONTACT: Joyce Bernstein, Media Bureau, at (202) 418-1647 or Joyce.Bernstein@fcc.gov.

SUPPLEMENTARY INFORMATION: The proposed rule was published at 87 FR 16155 on March 22, 2022. The Petitioner filed comments in support of the petition reaffirming its commitment to apply for channel 33. No other comments were filed.

The Commission has recognized the negative effects manmade noise has on the reception of digital very high frequency (VHF) signals, and that the propagation characteristics of these channels allow undesired signals and noise to be receivable at relatively farther distances compared to ultra high frequency (UHF) channels, and nearby electrical devices can cause interference. While 388,223 persons are predicted to lose service using a contour analysis, all but 4,142 persons will continue to receive CBS service from other stations in the region or continue to be well served by five or more television services. Moreover, a terrain-limited analysis using the Commission's *TVStudy* software demonstrates that only 498 persons would no longer receive CBS network programming or receive service from five or more full power television services, a number the Commission considers *de minimis*.

This is a synopsis of the Commission's *Report and Order*, MB Docket No. 22-112; RM-11919; DA 22-524, adopted May 12, 2022, and released May 12, 2022. The full text of this document is available for download at <https://www.fcc.gov/edocs>. To request materials in accessible formats for people with disabilities (braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at 202-418-0530 (voice), 202-418-0432 (tty).

This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C.

3506(c)(4). Provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, do not apply to this proceeding.

The Commission will send a copy of the *Report and Order* in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A).

BILLING CODE 6712-01-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 660

[Docket No. 210505-0101; RTID 0648-XB996]

Fisheries Off West Coast States; Modification of the West Coast Salmon Fisheries; Inseason Actions #3 Through #11

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Inseason modification of 2021 management measures.

SUMMARY: NMFS announces nine inseason actions in the 2021 ocean salmon fisheries. These inseason actions modify the commercial ocean salmon fisheries in the area from the U.S./Canada border to the U.S./Mexico border.

DATES: The effective dates for the inseason actions are set out in this document under the heading Inseason Actions and the actions remain in effect until superseded or modified.

FOR FURTHER INFORMATION CONTACT: Dana Preedeedilok at 562-980-4019, Email: dana.preedeedilok@noaa.gov.

SUPPLEMENTARY INFORMATION:

Background

The 2021 annual management measures for ocean salmon fisheries (86 FR 26425, May 14, 2021), announced management measures for the commercial and recreational fisheries in the area from the U.S./Canada border to the U.S./Mexico border, effective from 0001 hours Pacific Daylight Time (PDT), May 16, 2021, until the effective date of the 2022 management measures, as published in the **Federal Register**. NMFS is authorized to implement inseason management actions to modify fishing seasons and quotas as necessary to provide fishing opportunity while meeting management objectives for the affected species (50 CFR 660.409). Inseason actions in the salmon fishery may be taken directly by NMFS (50 CFR 660.409(a)—Fixed inseason management provisions) or upon consultation with the Chairman of the Pacific Fishery Management Council (Council), and the appropriate State Directors (50 CFR 660.409(b)—Flexible inseason management provisions).

Management of the salmon fisheries is divided into two geographic areas: North of Cape Falcon (NOF) (U.S./
