National Park Service

Thirty-day Notice of Submission of Study Package to Office of Management and Budget—Opportunity for Public Comment

AGENCY: Department of the Interior, National Park Service.

ACTION: Notice and request for comments.

SUMMARY: The National Park Service (NPS) Social Science Program has submitted to the Office of Management and Budget (OMB) a request for clearance of a renewed program of social science surveys of the public related to the mission of the NPS. The NPS is publishing this notice to inform the public of this program and to request comments on the program.

Since many of the NPS surveys are similar in terms of the populations being surveyed, the types of questions being asked, and research methodologies, the NPS proposed to OMB and received clearance for a program of approval for NPS-sponsored public surveys (OMB# 1024-0224 exp. 8/31/2001; three-year extension granted in September 2001, exp. 9/30/2004). The program presented an alternative approach to complying with the Paperwork Reduction Act (PRA). In the five years since the NPS received clearance for the program of expedited approval, 193 public surveys have been conducted in units of the National Park

System. The benefits of this program have been significant to the NPS, Department of the Interior (DOI), OMB, NPS cooperators, and the public. Significant time and cost savings have been incurred. Expedited approval was typically granted in 45 days or less from the date the Principal Investigator first submitted a survey package for review. This is a significant reduction over the approximate 6 months involved in the standard OMB approval process. It is estimated that the expedited approval process saved a total of 870 months in Fiscal Years 1999-2003. In five years, the expedited approval process has accounted for a cost savings to the federal government and PIs estimated at \$348,001. The initial program included surveys of park visitors. The program renewed in September 2001 included surveys of park visitors, potential park visitors, and residents of communities near parks. The current extension request proposes to continue with a program of social science surveys of park visitors, potential park visitors, and residents of communities near parks.

Under provisions of the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Record Keeping Requirements, the National Park Service is soliciting comments on: (a) Whether the collection of information is necessary for the proper performance of the functions of the NPS, including whether the information will have practical utility; (b) the accuracy of the NPS estimate of the burden of the collection of information, including the validity of the methodology and assumptions used; (c) the quality, utility, and clarity of the information to be collected; and (d) how to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

DATES: Public comments will be accepted on or before 30 days from the date of publication in the **Federal Register**.

ADDRESSES: You may submit comments directly to the Desk Officer for the Department of the Interior (OMB #1024-0224), Office of Management and Budget Office of Information and Regulatory Affairs (OMB-OIRA) by fax at 202-395-5806 or e-mail at oira_docket@omb.eop.gov.
