include: Measures to mitigate impacts on Georges Bank yellowtail flounder.

The group will also review the progress toward 2019 work items, make recommendations on 2020 scallop work priorities, and consider approaches for moving priorities forward (AP only). If time allows, review progress on Amendment 21 to the Scallop FMP. Other business may be discussed as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.
