

Respondents/affected entities: (1) All persons filing a notice of exemption as required by Regulation 4.13(b)(1) for the purpose of claiming relief from CPO registration, and (2) all principals of such persons.

Estimated number of respondents: 8,600.

Estimated number of exempt pools/reports per respondent: 3.

Estimated total annual burden on respondents: 8,600 hours.⁶

Frequency of collection: Annually.

There are no capital costs or operating and maintenance costs associated with this collection.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: July 31, 2020.

Christopher Kirkpatrick,

Secretary of the Commission.

AGENCY: Office of Fossil Energy, Department of Energy.

ACTION: Notice of orders.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy gives notice that during June 2020, it issued orders granting authority to import and export natural gas, to import and export liquefied natural gas (LNG), and vacating prior authorization. These orders are summarized in the attached appendix and may be found on the FE website at <https://www.energy.gov/fe/listing-doe-fe-authorizations-orders-issued-2020>. They are also available for inspection and copying in the U.S. Department of Energy (FE-34), Division of Natural Gas Regulation, Office of Regulation, Analysis, and Engagement, Office of Fossil Energy, Docket Room 3E-033, Forrestal Building, 1000 Independence Avenue SW, Washington, DC 20585, (202) 586-9387. The Docket Room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays.

Signed in Washington, DC, on July 31, 2020.

Amy Sweeney,

Director, Office of Regulation, Analysis, and Engagement, Office of Oil and Natural Gas.

APPENDIX

DOE/FE ORDERS GRANTING IMPORT/EXPORT AUTHORIZATIONS

4543	06/05/20	20-53-NG	Fuel Market LP	Order 4543 granting blanket authority to export natural gas to Mexico, and to export LNG to Mexico by truck.
4544	06/05/20	20-55-NG	BP Canada Energy Marketing Corp.	Order 4544 granting blanket authority to import/export natural gas from/to Canada.
4545	06/04/20	20-28-LNG	Sabine Pass Liquefaction, LLC.	Order 4545 granting blanket authority to export previously imported LNG by vessel to Free Trade Agreement Nations and Non-Free Trade Agreement Nations.
4546	06/05/20	20-54-LNG	Chevron U.S.A. Inc	Order 4546 granting blanket authority to import LNG from various international sources by vessel.
4547	06/05/20	20-52-LNG	Sempra LNG Marketing, LLC	Order 4547 granting blanket authority to import LNG from various international sources by vessel.
4548	06/16/20	20-56-NG	ARM Energy Management LLC.	Order 4548 granting blanket authority to export natural gas to Canada/Mexico.
4549	06/16/20	20-51-NG	Southwest Energy, L.P	Order 4549 granting blanket authority to import/export natural gas from/to Canada/Mexico.
4550	06/16/20	20-57-NG	Jupiter Resources Inc	Order 4550 granting blanket authority to import natural gas from Canada.
4551; 4238-A	06/16/20	20-61-NG; 18-110-NG	Trafigura Trading LLC	Order 4551 granting blanket authority to import/export natural gas from/to Canada/Mexico, and vacating prior authority (Order 4238).
4552	06/16/20	20-65-NG	Equinor Natural Gas LLC	Order 4552 granting blanket authority to import/export natural gas from/to Canada/Mexico, and to import LNG from various international sources by vessel.
4553	06/22/20	20-58-NG	Energy Source Natural Gas, Inc.	Order 4553 granting blanket authority to import/export natural gas from/to Canada.
4554	06/22/20	20-60-NG	New Brunswick Energy Marketing Corporation.	Order 4554 granting blanket authority to import/export natural gas from/to Canada.
4555	06/22/20	20-63-NG	ETC Marketing, Ltd	Order 4555 granting blanket authority to import/export natural gas from/to Mexico.

Commodity Trading Advisors IC, and (2) Commodity Pool Operator Annual Report IC. The estimates in this notice reflect changes specifically made by the Statutory Disqualifications Final Rule to the Part 4 Commodity Pool Operators and Commodity Trading Advisors IC, for which the current active information collection estimates of 43,397 respondents and 354,333 burden hours were

approved by OMB on March 6, 2020 (ICR Reference No. 201912-3038-001). The aggregate burden for OMB control number 3038-0005 may be further impacted by a separate rulemaking. Amendments to Compliance Requirements for Commodity Pool Operators on Form CPO-PQR, published in the **Federal Register**, 85 FR 26378 (May 4, 2020). Neither the Statutory Disqualification Final Rule

nor the Form CPO-PQR rulemaking impact the estimates of the Commodity Pool Operator Annual Report IC, which remain the same.

⁶ The burden hour per response is 0.3 burden hour for an aggregate total of 0.9 burden hour for all three responses per respondent. This estimate has been rounded up to 1 burden hour for all three responses per respondent.

DOE/FE ORDERS GRANTING IMPORT/EXPORT AUTHORIZATIONS—Continued

4556	06/22/20	20–62–NG	Producción de Energía Mexicana, S. de R.L. de C.V.	Order 4556 granting blanket authority to export natural gas to Mexico.
4557; 4211–A	06/24/20	20–64–NG; 18–77–NG	J. Aron & Company LLC	Order 4557 granting blanket authority to import/export natural gas from/to Canada/Mexico, and vacating prior authority (Order 4211).

BILLING CODE 6450–01–P

DEPARTMENT OF ENERGY

National Nuclear Security Administration

Notice of Intent To Prepare a Site-Wide Environmental Impact Statement for Continued Operation of the Lawrence Livermore National Laboratory

AGENCY: National Nuclear Security Administration, Department of Energy.

ACTION: Notice of intent.

SUMMARY: The National Nuclear Security Administration (NNSA), a semi-autonomous agency within the United States (U.S.) Department of Energy (DOE), announces its intent to prepare a Site-Wide Environmental Impact Statement (SWEIS) for the Lawrence Livermore National Laboratory (LLNL or Laboratory) in Livermore, California (LLNL SWEIS). The LLNL SWEIS will be prepared by NNSA’s Livermore Field Office (LFO) and analyze the potential environmental impacts of the Proposed Action, other reasonable alternatives that may be identified, and the No Action Alternative for continuing operations of LLNL for approximately the next 15 years. The continued operation of LLNL is critical to NNSA’s Stockpile Stewardship Program, to preventing the spread and use of nuclear weapons worldwide, and to many other areas that may impact national security and global stability. The Proposed Action Alternative will include continued operations and foreseeable new and/or modified operations/facilities to address aging infrastructure concerns at LLNL. The purpose of this Notice is to invite public participation in the process and to encourage public involvement on the scope and alternatives that should be considered.

DATES: The public scoping period begins with the publication of this Notice in the **Federal Register** and continues until September 21, 2020. Comments received after this date will be considered to the extent practicable. NNSA will hold one public scoping meeting for the proposed LLNL SWEIS as follows:

In light of recent public health concerns, NNSA will be hosting an internet-based, virtual public scoping meeting in place of an in-person meeting. The date of the meeting will be provided in a future notice posted on the following website: <https://www.energy.gov/nnsa/nnsa-nepa-reading-room>. NNSA will hold the meeting no earlier than 15 days from the posting of the notice. Public scoping meeting details will also be announced in local media outlets.

ADDRESSES: NNSA invites other Federal and state agencies, state and local governments, Native American tribes, industry, other organizations, and members of the public to submit comments to assist in identifying environmental issues and in determining the appropriate scope of the LLNL SWEIS. Written and oral comments will be given equal weight and NNSA will consider all comments received or postmarked by the end of the comment period in preparing the Draft LLNL SWEIS. Comments received or postmarked after the comment period will be considered to the extent practicable. Written comments on the scope of the LLNL SWEIS or requests for information related to the LLNL SWEIS should be sent to: Ms. Fana Gebeyehu-Houston, NEPA Document Manager, National Nuclear Security Administration, Livermore Field Office, 7000 East Avenue, L–293, Livermore, CA 94550–9234 or email to: LLNLSWEIS@NNSA.DOE.GOV. Before including your address, phone number, email address, or other personally identifiable information in your comment, please be advised that your entire comment—including your personally identifiable information—may be made publicly available. If you wish for NNSA to withhold your name and/or other personally identifiable information, please state this prominently at the beginning of your comment. You may also submit comments anonymously.

Information related to the online scoping meeting, including internet and telephone access details, and instructions on how to participate will be available at the following website: [https://www.energy.gov/nnsa/nnsa-](https://www.energy.gov/nnsa/nnsa-nepa-reading-room)

[nepa-reading-room](#) and announced in local media outlets.

FOR FURTHER INFORMATION CONTACT: For further information about this Notice, please contact Ms. Fana Gebeyehu-Houston, NEPA Document Manager, National Nuclear Security Administration, Livermore Field Office, 7000 East Avenue, L–293, Livermore, CA 94550–9234; phone: 833–778–0508; or email to: LLNLSWEIS@NNSA.DOE.GOV.

SUPPLEMENTARY INFORMATION:

Background

LLNL has been in existence for 68 years, has an annual budget of approximately \$2.2 billion and employs approximately 8,000 people. LLNL consists of two federally-owned sites: A 770-acre site in Livermore, California (Livermore Site) and a 7,000-acre experimental test site (Site 300) southeast of the Livermore Site between Livermore and Tracy, California. Most LLNL operations are located at the Livermore Site, which is situated about 50 miles east of San Francisco in southeastern Alameda County. Site 300 is primarily a test site for explosives and non-nuclear weapons components; it is located about 15 miles southeast of Livermore in the hills of the Diablo Range. Most of Site 300 is located in San Joaquin County; the western edge of the site is in Alameda County.

Missions

The 21st century presents a growing set of challenges that are the focus of the Laboratory’s mission as a DOE/NNSA national security laboratory. LLNL’s defining responsibility is ensuring the safety, security, and reliability of the nation’s nuclear deterrent. LLNL’s mission is broader than stockpile stewardship and also includes missions that respond to national security and global security concerns that range from nuclear proliferation and terrorism to energy shortages and climate change. The Laboratory’s science and engineering capabilities are applied to these challenges. Programs at LLNL support DOE, NNSA, Department of Defense (DoD), Department of Homeland Security (DHS), and other federal sponsor missions. LLNL also conducts work to collaborate with and
