SUPPLEMENTARY INFORMATION: *Title; Associated Form; and OMB Number:* Restructure or Realignment of Military Medical Treatment Facilities; OMB Control Number: 0720–RMTF.

Type of Request: New.

Number of Respondents: 53,100.

Responses per Respondent: 2.

Annual Responses: 106,200.

Average Burden per Response: 10 minutes.

Annual Burden Hours: 17,700.

Needs and Uses: The National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2017 (NDAA FY 2017—Pub. L. 114–328), section 703 “Military Medical Treatment Facilities” (MTFs) states that, there shall be an update on the study (*i.e.*, a report) from the 2015 Military Health System Modernization Study that addresses the realignment or restructuring of MTFs. As part of the report on the implementation plan to restructure or realign all MTFs, this survey will provide valuable data on TRICARE beneficiary's experience with the transition from receiving their care at an MTF to now receiving care in the private-sector with a network provider/facility. The collection of this information will be from TRICARE prime enrollees empaneled at MTFs undergoing MTF restructuring as a result of NDAA FY 2017, section 703. The survey will be given two times, the first iteration given two weeks after transition to collect immediate information regarding the transition and access to care experience; a second survey will be released six months after transition to review progress. These TRICARE prime enrollees will be responding to questions relating to how their transition from the MTF to either a Network (private-sector care), Primary Care Manager (PCM), or TRICARE select resulted. This information will assist the DHA with assessing this restructuring effort as well as future efforts to ensure beneficiaries receive high-quality care. Specifically, survey findings will show what problems beneficiaries faced during the transition from their MTF PCM to a network PCM, details on access to care now with a network PCM, satisfaction with their new network PCM, and communications about the transition overall.

Affected Public: Individuals or households.
