

- analytical utility of *Campylobacter* methodologies, and
- determination of cooking parameters for safe seafood for consumers.

Documents Reviewed by NACMCF

FSIS intends to make available to the public all materials that are reviewed and considered by NACMCF regarding its deliberations. Generally, these materials will be made available as soon as possible after the full Committee meeting. Further, FSIS intends to make these materials available in both electronic formats on the FSIS web page, as well as in hard copy format in the FSIS Docket Room. Often, an attempt is made to make the materials available at the start of the full Committee meeting when sufficient time is allowed in advance to do so.

Disclaimer: For electronic copies, all NACMCF documents and comments are electronic conversions from a variety of source formats into HTML that may have resulted in character translation or format errors. Readers are cautioned not to rely on this HTML document. Minor changes to materials in electronic format may be necessary in order to meet the electronic and information technology accessibility standards contained in Section 508 of the Rehabilitation Act in which graphs, charts, and tables must be accompanied by a text descriptor in order for the vision-impaired to be made aware of the content. FSIS will add these text descriptors along with a qualifier that the text is a simplified interpretation of the graph, chart, or table. Portable Document Format (PDF) and/or paper documents of the official text, figures, and tables can be obtained from the FSIS Docket Room.

Copyrighted documents will not be posted on the FSIS Web site, but will be available for inspection in the FSIS Docket Room.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that the public, and in particular minorities, women, and persons with disabilities are aware of this notice, FSIS will announce it on-line through the FSIS Web page located at http://www.fsis.usda.gov/regulations/2005_Notices_Index/.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and other types of information that could affect or

would be of interest to our constituents and stakeholders. The update is communicated via Listserv, a free electronic mail subscription service for industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals who have requested to be included. The update also is available on the FSIS web page. Through Listserv and the web page, FSIS is able to provide information to a much broader, more diverse audience.

In addition, FSIS offers an electronic mail subscription service which provides an automatic and customized notification when popular pages are updated, including **Federal Register** publications and related documents. This service is available at http://www.fsis.usda.gov/news_and_events/email_subscription/ and allows FSIS customers to sign up for subscription options across eight categories. Options range from recalls to export information to regulations, directives, and notices.

Customers can add or delete subscriptions themselves and have the option to protect their accounts with passwords.

Done at Washington, DC on September 13, 2005.

Barbara J. Masters,
Administrator.

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Notice of Proposed Change to the Natural Resources Conservation Service's National Handbook of Conservation Practices

AGENCY: Natural Resources Conservation Service (NRCS), Department of Agriculture, New York State Office.

ACTION: Notice of availability of proposed changes in the NRCS National Handbook of Conservation Practices, Section IV of the New York State Field Office Technical Guide (FOTG) for review and comment.

SUMMARY: It is the intention of NRCS to issue one revised conservation practice standard in its National Handbook of Conservation Practices. This standard is: Wastewater Treatment Strip (NY635).

DATES: Comments will be received for a 30-day period commencing with the date of this publication.

FOR FURTHER INFORMATION CONTACT: Inquire in writing to Paul W. Webb, State Resource Conservationist, Natural Resources Conservation Service (NRCS), 441 S. Salina Street, Fifth Floor, Suite 354, Syracuse, New York 13202-2450.

A copy of this standard is available from the above individual.

SUPPLEMENTARY INFORMATION: Section 343 of the Federal Agricultural Improvement and Reform Act of 1996 states that revisions made after enactment of the law to NRCS State Technical Guides used to carry out highly erodible land and wetland provisions of the law shall be made available for public review and comment. For the next 30 days the NRCS will receive comments relative to the proposed changes. Following that period, a determination will be made to the NRCS regarding disposition of those comments and final determination of change will be made.
