[PR Docket No. 93-144; FCC 00-288]

Rules To Facilitate Future Development of SMR Systems in the 800 MHz Frequency Band

AGENCY: Federal Communications Commission.

ACTION: Final rule; compliance deadline requirement.

SUMMARY: In this document, the Commission sets forth the construction requirements that the Commission will impose on incumbent 800 MHz Specialized Mobile Radio (SMR) commercial licensees operating wide area systems that include Business and Industrial/Land Transportation (BI/LT) channels obtained prior to 1995 through inter-category sharing. This action is taken in light of the Commission's *Memorandum Opinion and Order on Remand (Remand Order)* and the appellate court decision, *Fresno Mobile Radio, Inc. v. FCC (Fresno)*. We will allow incumbent wide-area 800 MHz SMR licensees using BI/LT channels an analogous construction period as we allowed eligible licensees of the *Remand Order* provided that such eligible licensees satisfy the conditions described herein and provide the requisite certification to the Commission.

DATES: Effective October 11, 2000. Incumbent wide-area licensees must file certifications of construction within fifteen (15) days after the licensee's applicable construction deadline or December 11, 2000, whichever is later.

FOR FURTHER INFORMATION CONTACT: Chris Gacek, Wireless Telecommunications Bureau, at (202)

418-1743; for additional information concerning the information collections contained in this document contact Judy Boley at (202) 418-0214, or via the Internet at jbole@fcc.gov.

SUPPLEMENTARY INFORMATION: This *Memorandum Opinion & Order (MO&O)* in PR Docket No. 93-144, adopted August 2, 2000, and released August 4, 2000, is available for inspection and copying during normal business hours in the FCC Reference Center, 445 Twelfth Street, S.W., Washington D.C. The complete text may be purchased from the Commission's copy contractor, International Transcription Service, Inc., 1231 20th Street, N.W., Washington D.C. 20036 (202) 857-3800. The document is also available via the internet at: <http://www.fcc.gov/Bureaus/Wireless/Orders/2000/fcc00288.doc>.

Synopsis of Memorandum Opinion and Order

I. Introduction

In this *Memorandum Opinion and Order (MO&O)*, we set forth the construction requirements that the Commission will impose on incumbent 800 MHz Specialized Mobile Radio (SMR) commercial licensees operating wide area systems that include Business and Industrial/Land Transportation (BI/LT) channels obtained prior to 1995 through inter-category sharing. This action is taken in light of the Commission's decision in its *Memorandum Opinion and Order on Remand (Remand Order)*, 14 FCC Rcd. 21679 (1999), published 65 FR 7751 (Feb. 16, 2000), which responded to the decision of the U.S. Court of Appeals for the District of Columbia Circuit (Court) in *Fresno Mobile Radio, Inc. v. FCC (Fresno)*, 165 F.3d 965 (D.C. Cir. 1999). Incumbent wide-area licensees must file certifications of construction within fifteen (15) days after the licensee's applicable construction deadline or December 11, 2000, whichever is later.

II. Summary of the Memorandum Opinion and Order

A. Background

The 800 MHz band is divided into four channel groups—SMR, General Category, BI/LT, and Public Safety, each with its own eligibility rules. 800 MHz SMR channels are designated for commercial use, while 800 MHz BI/LT channels are designated for non-commercial internal use by the licensee. Prior to 1995, in certain circumstances, the Commission allowed SMR licensees to apply for BI/LT channels under inter-category sharing rules, which the SMR licensee could then use commercially
