

19b-4(f)(6) thereunder.¹¹ Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹² and subparagraph (f)(6) of Rule 19b-4 thereunder.¹³

A proposed rule change filed under Rule 19b-4(f)(6)¹⁴ under the Act does not normally become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁵ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission previously approved the listing of options on the Fidelity Wise Origin Bitcoin Fund, the ARK21Shares Bitcoin ETF, the Grayscale Bitcoin Trust (BTC), the Grayscale Bitcoin Mini Trust BTC, and the Bitwise Bitcoin ETF.¹⁶ As noted above, BX's Options 4 Rules were amended by an ISE rule change¹⁷ as those Rules are incorporated by reference to ISE's Options 4 Rules, so BX has the ability to list the options on the Bitcoin Trusts. This proposal also establishes position and exercise limits for options on the Bitcoin Trusts. The Commission believes that waiver of the operative delay could benefit investors by assuring that trading Bitcoin Trust

options are subject to the same position and exercise limits in place on other exchanges. Therefore, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposed rule change as operative upon filing.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SUPPLEMENTARY INFORMATION:

Title: Federal Highway Administration (FHWA) Performance Progress Report (PPR) Form.

Background: FHWA is administering over 40 discretionary grant and cooperative agreement programs, including those established under the

Bipartisan Infrastructure Law (BIL), enacted as the Infrastructure Investment and Jobs Act, (November 15, 2021, Pub. L. 117-58) and the Inflation Reduction Act, 2022 (August 16, 2022, Pub. L. 117-169). The Uniform Administrative Requirements in 2 CFR part 200 require recipients of Federal financial assistance awards to monitor activities under Federal awards to ensure compliance with applicable Federal requirements and performance expectations are being achieved. In addition, the regulations require Federal awarding agencies, such as FHWA, to use OMB-approved common information collections. The FHWA PPR form will be used by recipients of FHWA grant awards and cooperative agreements to report performance and progress of a Federal financial assistance-funded construction or non-construction project.

Respondents: Recipients of a discretionary grant or cooperative agreement award administered by FHWA. Discretionary grant or cooperative agreement recipients include but are not limited to State DOTs as defined in 23 U.S.C. 101, U.S. Territories, Federally recognized tribes, and other entities identified as eligible for federal financial assistance from FHWA.

Frequency: The information will be collected quarterly, semiannually, or annually, as required by the Notice of Funding Opportunity (NOFO) for the grant program.

Estimated Average Burden per Response: 1 hour per respondent per form per grant award. This includes time to review the form instructions, research existing sources to gather necessary data, complete and review the form before submitting to FHWA.

Estimated Total Annual Burden Hours: It is expected that approximately 2,500 respondents will complete up to 4 PPR forms for a up to 10 grant awards per respondent for an estimated total of 100,000 annual burden hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.
